CRISIS IMMINENT WITH NICARAGUA

Several Serious Conferences at The State Department at Washington.

MADRIZ IS ACTING DEFIANTLY

Government at Washington Not Certain of Its Procedure—Madriz Has Removed American Prisoner.

Washington, July 11.—Several consultations were held at the State Department today on the possible action of the United States in connection with the removal of William Pittman, the American engineer, from Bluefields to Managua. Pittman had been held for several weeks by the Madriz forces as a prisoner of war at the Bluffs.

Acting Secretary of State Wilson has called in his international law advisers to assist him in arriving at a decision in the matter. Word may come from Secretary Knox, now at Valley Forge, Pa., in regard to the course to be pursued. It is generally believed the Department will be content with instructing United States Consul Olivares, at Managua, to insist again upon fair treatment for Pittman and to watch the procedure at Managua with a view to guarding against injustice.

Representatives here of Madriz claim that the Managua Government was under no obligations to keep Pittman at the Bluffs. They point out that as early as March, this Government was notified that Madriz had ordered his subordinates not to act summarily with Americans captured, but to send them forthwith to Managua. This step was taken, it was explained, in order to insure the safe keeping of the prisoners.

Mail reports which have reached the Department tell of the efforts of Madriz to raise money. Forced loans, it is said, are being exacted particularly from those suspected of being hostile to the Madriz government. The most frequent procedure is reported to be to make a demand for a loan, one-half to be paid within twenty-four hours and the remainder in three days, with an increase of 25 per cent., in the event that payment is not forthcoming. Police or soldiers surround the house of the victim and shut off all means of securing food and other necessities if the money is not paid. In one instance it is said the loan demanded amounted to $10,000.

HEAT IN NEW YORK.

Twelve Persons Have Died—Machinist Driven to Suicide.

New York, July 11.—The Suffocating heat wave still hangs today like a pall over New York City, causing scores of prostrations. Twelve persons have died from the heat in the last 24 hours. Harry Lazinsky, a young machinist, tortured by the heat, put a bullet in his heart today.

Nearly a million persons visited the beaches on Sunday to escape the heat. The whole Atlantic seaboard is in the clutch of hot weather, but lower temperature is promised.

New York, July 11.—The blanket of steam in which the city has pareboiled for the last week, lifted mercifully for a few hours this afternoon, under the pressure of faint airs from the sea, but the slight drop in the thermometer was not sufficient to affect the continuing drain on lowered vitality, and there were more deaths today than yesterday—twelve against ten—and a longer string of prostrations. The maximum official temperature was 89 today against 92 yesterday.

GREATEST CONVENTION OF ELKS

Members of Order Pouring Into Detroit by Hundreds.

Detroit, Mich., July 11.—What is said to be the biggest annual National reunion in the history of the Benevolent and Protective Order of Elks, got fully under way today, with hundreds of additional delegations arriving hourly.

Tonight marked the formal opening of the Grand Lodge at the Lyceum theatre. Senator J. C. Burrows, of Michigan, Governor Fred Warner, and Mayor Philip Breitmeyer welcomed the delegates in behalf of the State and city. Grand Lodge officers were guests of the Detroit Motor Boat Club, on a cruise to the Ste. Claire Flats during the day.

Two Trainmen Dead in Crash Near Thomas, Ga., Yesterday.

Thomas, Ga., July 11.—Two trainmen were instantly killed when westbound fast freight train No. 19 on the S. A. L. crashed into a landslide two miles east of here at 2:25 this morning. The engine turned completely over and nine cars were derailed.

The dead are W. D. Hardin, engineer, of Birmingham; Jack Wood, fireman, formerly of Charleston, S. C., and recently transferred to Birmingham.

The landslide, presumably due to recent heavy rains, occurred in a cut and the trainmen had no warning until the engine struck the mass of earth and turned completely over.

CHAMPION JOHNSON VISITS NEW YORK

Small Riot Occurred in Broadway On Account of Moving Pictures.

JACK APPEARS IN VAUDEVILLE

Ten Thousand Negroes Greeted Black Champion at Railway Station—Great Ado Made Over His Triumph.

New York, July 11.—"I won," said Jack Johnson this afternoon as he paused to show the famous gold roof, while the crowd that filled the vaudeville theatre where he made his first public appearance since the fight at Reno with Jim Jeffries cheered and stamped; "I won, and all I can say is that it is my purpose to defend my title against all comers.

"As I told this audience before the fight, I believed I was the best man. I made up my mind to fight a fair, honest fight, and I believe the pictures will show that I did. If Mr. Jeffries had been the best man and whipped me, I would have gone to his corner and tipped my hat to him and offered him my hand. As it was, I won."

Johnson received a number of newspaper men. They asked him why he had sold out his share in the moving pictures of the fight.

"Well," said Johnson, "you see it's like this: You always see the man who has the patent loses his money. If I had kept my interest I would have had to employ a large number of men to look after my interests. As it was, I got $50,000 and a little bonus of $10,000 or $12,000 for my interest.

"Now if I had kept my share of the pictures, by the time the other 25 or 30 of us had got through cheating one another, I doubt if there would have been that much money left for me.

"So long as they were willing to manage it and give me the money I was perfectly willing to accept it."

Somebody asked Johnson what blow he thought won him the fight.

"I think," he answered, "it was the blow that closed Jeffries' right eye."

There were no riots during the day, either in the streets or the theatre where Johnson appeared. The only serious disorder of the day bearing in any way on the fight occurred in a small Broadway theatre where a crowd gathered to see pictures "taken at the ring side" under the impression that they were moving pictures. Disappointed, the spectators demanded their money back and when this was refused wrecked the lobby and rolled the ticket booth, with a young woman inside, into the street.

Johnson appeared on the vaudeville stage again tonight. The negro friends of Johnson had scattered thousands of dodgers through the "black belts" which read:

"To every colored man, woman and child in Greater New York: Be at the Grand Central station at 9:30 o'clock Monday morning and let us all shake the glad hand of the stalwart athlete, the greatest of the Twentieth Century. Come any way you can. Come in vehicles or on foot. All be there."

"And I reckon they're all here," said Jack Johnson as he alighted from the train. Over ten thousand negroes welcomed Johnson.

TWO CENT FARE MUST HOLD.

West Virginia Passenger Rate Law Upheld.

Charleston, W. Va., July 11.—In a special session today the Supreme Court refused to grant an appeal from the decision of Circuit Judge Burdett, dissolving the injunction previously enjoining the Chesapeake & Ohio and, prohibiting the State officers from enforcing the two cent fare law. Under the decision of Judge Burdett, the railroad must refuse excess fares over the two cent rate and comply with the 2-cent law.

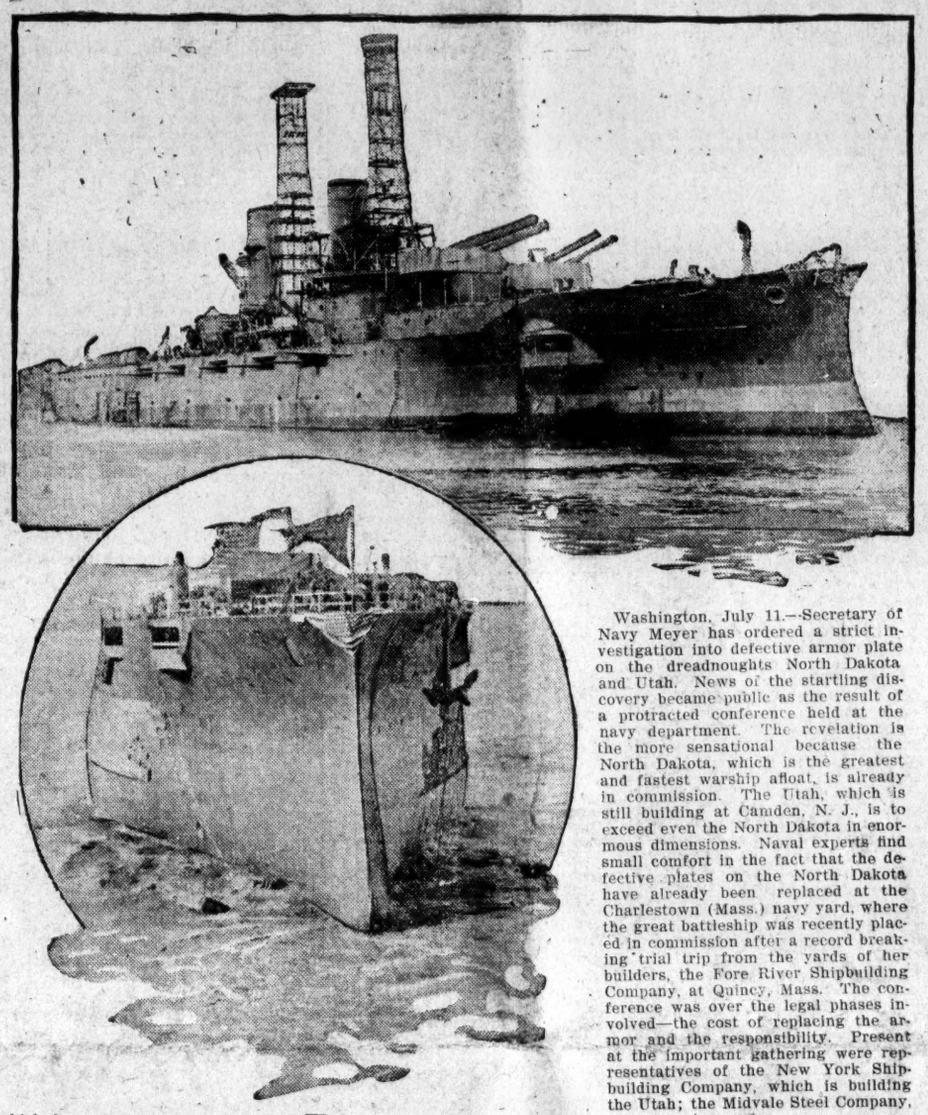
Defective Armor Plates on Two American Dreadnaughts



Washington, July 11.—Secretary of Navy Meyer has ordered a strict investigation into defective armor plate on the dreadnoughts North Dakota and Utah. News of the startling discovery became public as the result of a protracted conference held at the navy department. The revelation is the more sensational because the North Dakota, which is the greatest and fastest warship afloat, is already in commission. The Utah, which is still building at Camden, N. J., is to exceed even the North Dakota in enormous dimensions. Naval experts find small comfort in the fact that the defective plates on the North Dakota have already been replaced at the Charlestown (Mass.) navy yard, where the great battleship was recently placed in commission after a record breaking trial trip from the yards of her builders, the Fore River Shipbuilding Company, at Quincy, Mass. The conference was over the legal phases involved—the cost of replacing the armor and the responsibility. Present at the important gathering were representatives of the New York Shipbuilding Company, which is building the Utah; the Midvale Steel Company, which has supplied armor for many American warships, and a number of government experts.

GOVERNOR HARMON IS FIRM

Mayor of Newark Removed For Not Enforcing Law in City Where Detective Was Lynched—New Mayor is Active.

Newark, Ohio, July 11.—Before he had been in office an hour this evening, J. N. Ankele, the vice mayor elevated to the office of chief executive of Newark, following the suspension of Mayor Herbert Atherton by Governor Harmon, had summarily removed Chief of Police Zergeibel and Police Captain Robert Bell.

He gave as his grounds for removal, the non-enforcement of the county option law which resulted in the lynching of the Detective, Carl Etherington, Friday night.

He appointed in their stead Charles Hindel, formerly a deputy sheriff, as chief, and Patrolman Charles Swank as captain. He gave them orders to commence the immediate enforcement of all laws to the letter.

As soon as the new police officials had assumed office they caused the arrest of a second negro, who is held in connection with the Friday riots. Vance" Moore, of Zanesville, is alleged to have struck Carl Etherington, the raider who was lynched, just prior to the fatal shooting of William Howard. Moore is the second colored rioter arrested, Levi Valentine, a colored mute having been arrested by the mayor.

Mayor Atherton upon receipt of a telegram from Gov. Harmon late this afternoon, immediately turned over his office to Ankele. "I will, of course, put up a defense" he declared. "I have a witness who will testify that the local leaders refused point blank to file charges against the 'speak easies' with me, because they did not want me to have the credit of cleaning up the town. I will not step down tamely."

Springfield, Ky., July 11.—The funeral of Carl M. Etherington, who was lynched at Newark, Ohio, last Friday night, was held today at the Etherington home at Willisburg. The attendance was large. Mrs. Hartwell Etherington, mother of the boy, is in a critical condition.

CANADIAN TOWN WIPED OUT.

Fire Broke Out and Water Mains Failed.

St. Johns, N. B., July 11.—Fire is raging in Campbellton, N. B., and is reported to ave practically swept the village. Wire communication is cut off. Campbellton is on the Inter-Colonial Railway line in Restigouche county at the head of Charleurs Bay. It had a population of 1901 of 2,652.

Montreal, July 11.—A dispatch from Campbellton, before wire communication was cut off stated that the fire started in the west end of the town and threatened to make a clean sweep. The water mains gave out at a critical time. The railway buildings have been destroyed.

STATE CONVENTION TO MEET

Off-Year Gathering of Militant Democracy of North Carolina—The Arrangements Being Made. Convene at Noon.

Charlotte, N. C., July 11.—The Chronicle this afternoon gives a review of the forthcoming State convention in this city, which will be heard with interest over Carolina. It says:

"The Democratic State Convention is the absorbing event of the current week, particularly in Charlotte, and generally over the Commonwealth. This "off year" convention will be called to order at noon on next Thursday, July 14, at high noon. Senator Lee S. Overman, of Washington, and Salisbury, will be temporary chairman, who will start the wheels of the big convention rolling.

"There won't be a single contest or heated fight at the convention," said a well-informed local politician this morning. "On to Charlotte" will be the cry from nearly 100 counties of which the "Old North State" is composed during the week, and as some of the delegates will have a long journey to make and will want to be here a day or two in advance or the opening, the movement Charlotteward will probably set in Tuesday evening.

At this convention there are six or eight State officers to be nominated by the delegates who will come up from the various counties from Murphy and Perquimons and Pasquotank, and from Boone and Yancey to New Hanover and Brunswick.

Three places on the Supreme Court bench are to be provided for. Of these there is no contest except in the case of the vacancy created by the appointment of Justice Connor by Judge Taft to the Federal judgeship of the Eastern District.

There is little prospect of anything out of the ordinary routine of the off year convention, and it is probable that the convention will complete its work inside one day, and adjourn Thursday night though this is not a certainty, as no one can foretell the outcome of a political gathering.

The principal events of the convention will be the regular address of the presiding officer; the nominating speeches, three for the Supreme Court bench, and two for corporation commissioner.

Charlotte is preparing this week on a big scale for the entertainment of the Democratic convention, nevertheless, and the streets will be illuminated on the night of Thursday and probably Wednesday also, with hundreds of incandescent lamps, while the various committees are engaged in finishing up their plans for entertainment, etc., as there will be several hundred delegates to be looked after during the convention, and these will be given a hearty and cordial welcome by the local committee.

There will be a number of prominent men here from all over the State though Governor Kitchin will not attend. Senator Overman and Senator Simmons are expected to be in attendance, Senator Overman having been delegated to call the convention to order, and to preside as temporary chairman. It is anticipated that the temporary convention will be made permanent after brief preliminaries, and that the work of the convention will be taken up without delay.

LOEB TO RUN IN NEW YORK

Conference at Beverly Yesterday With President Taft—Will Take Nomination if Necessary, a la Roosevelt.

Beverly, Mass, July 11.—Wm. Loeb, Jr., collector of the port of New York, frankly told President Taft today that he would rather remain at his post in the customs service than run for Governor of New York this Fall. The President as frankly told Mr. Loeb that the Republican nomination seemed to be coming his way and that it would take more than a fishing trip to the Rocky Mountains to stop it.

The former secretary to President Roosevelt left Beverly this afternoon for New York, leaving the impression here that if it became absolutely necessary for him to take the Republican nomination he would do so and would make it a whirl-wind campaign.

The mention of the New York situation was incidental to talk on general politics by the President and Mr. Loeb. They were together this morning before the President went to the Miopial links for a game of golf with Henry C. Frick, who lives near here, and they lunched together at John Hayes Hammond's cottage in Gloucester. After the luncheon the talk was continued. Mr. Taft was anxious to hear something of the situation as viewed by someone outside of the immediate administration circles.

Mr. Taft is not interfering in the New York situation in any way. He and Mr. Loeb are the closest of friends and whenever Mr. Loeb's name has been mentioned to the President in connection with the New York governorship, he always has enthusiastically approved the suggestion. Mr. Loeb has known this for some time. He has known that, so far as he could legitimately do so, the President would bring all of his influence to his support in anything he might undertake. Mr. Loeb has counted so confidently on this support that he was rather inclined to resent today the interference in some quarters that it was necessary for him to come to Mr. Taft to ask for his "O. K."

Mr. Loeb expressed again the belief, however, that the Republicans would get together and that the splits in

BI-PLANE FLIGHTS WERE STARTLING

Marvelous Exhibiton Before Thousands on the Beach at Atlantic City.

CURTISS' NEW 50-MILE RECORD

Daring Aviator Climbed 1,600 Feet in Less Than Six Minutes—Spectacular Feat by Brookins. Skimmed Breakers.

Atlantic City, N. J., July 11.—Glenn Curtiss set an American record for a 50-mile flight in an aeroplane this afternoon by covering a half hundred measured miles in five-mile laps along the beach in elapsed time of one hour 14 minutes and 59 seconds. Curtiss was in the air one hour and 30 minutes and spent one hour, 21 minutes and five seconds on the course, six minutes and six seconds being deducted for the turns at the two ends of the two and one-half mile course.

At the end of his 50-mile flight Curtiss swept his machine back over the waterways on the meadow side of the city and made an entire circuit of the resort before he descended.

In the early evening Curtiss set a new mark for quick climbing by sweeping his machine 1,600 feet in the air in five minutes and 51 seconds.

After a wait of hours for a slowing down of a sharp southerly wind, which swept in from the ocean, Curtiss rose in the air at 3:22 P. M. After a short warming up spin, he swung back over the upper mark made by range flags on a board walk building at Massachusetts avenue and started on his long fly. Owing to the cross winds, which still held strong in the upper air, Curtiss never reached a faster speed than 50 miles an hour, his average for the race being about 40 miles. The time for each of the five mile laps was as follows:

First lap 8:19 4-5; second, 6:01 2-5; third 7:37 1-5; fourth, 7:33 4-5; fifth 8:33 1-2; sixth, 7:39; seventh 7:27 1-2; eighth, 7:29; ninth, 7:21 3-10; tenth, 7:31 1-5.

The course laid out by the officials for the daring aviator was along the edge of the ocean from Massachusetts avenue on the north, to Dover avenue on the south, thus bringing Curtiss and his flying machine within range of view of people from the inlet down to Ventnor. Practically all of Atlantic City was on the board walk or on the beach watching the flight.

Curtiss' contract ends tonight, leaving Brookins in possession of the $5,000 altitude prize won on Saturday evening when he made a world's record of 6,175 feet, and which will be given him tomorrow.

The Wright aviator has not yet announced whether he will go after the 50-mile prize of $5,000, which will otherwise go to Curtiss.

Curtiss' spectacular climb of 1,600 feet into the air came at the end of a thrilling series of exhibitions of flying that kept the big crowd of spectators on the board walk and beach in a succession of cheers.

Brookins started up immediately afterward and described sharp curves and turns, ending with his first exhibition of a triple turn that almost stood his machine on end. Brookins and Coffyn then went up together with Brookins driving the bi-plane, getting off well after a false start, caused by a loose running rail. Later in the day Coffyn went up alone, giving another thrilling exhibition of turning and swooping.

During his lone flight Brookins made a 1,000 foot sweep along the beach just over the heads of the crowd, ending by driving his machine over the breakers hardly a foot from the surf. The exhibition did not conclude until long after sundown.

Although Curtiss' contract for flying here ends tonight, he will probably make exhibition flights tomorrow and will probably attempt to drop sham bombs on the outline of a battleship to be marked out on the sand. Brookins and Coffyn will remain until Wednesday and will make an attempt to break Curtiss' record for a quick altitude rise in their Wright machine.

Mishap to Amateur.

New York, July 11.—Clifford B. Harmon, well known as an amateur aviator, made an attempt this evening to fly in an aeroplane from Garden City, L. I., across Long Island Sound to the residence of his father-in-law, Commodore E. C. Benedick, at Greenwich, Conn.

Not only did he fail, but his machine fell a distance of 150 feet and was wrecked. Harmon was badly shook up but not severely injured. The branches of a tree having broken the force of his fall.

After tuning up, Harmon was off at 5:51 P. M. today, but the weight of pontoons, which he attached to his craft to insure its floating, proved too much to carry and he was forced to alight after going less than a mile.

The pontoons were removed and at 6:19 he was away again. But as he disappeared in the distance it was apparent that his engine was missing and when near Roslyn, L. I., less than seven miles from his second starting place, the aeroplane began to descend rapidly in its perilous drop to the tree tops.

When the crowd gathered Harmon was viewing the wreck of his craft. The engine was undamaged. He explained that just before he dropped only three cylinders of his engine were working and he decided to come down as best he could.

ROOSEVELT READY TO MAKE FIGHT

Will Confer To-day With Governor Hughes Concerning Politics.

WILL TACKLE STATE MACHINE

Mysterious Visit of Collector Loeb to President Taft at Beverly—Loeb for Governor—Roosevelt is State Insurgent.

Oyster Bay, N. Y., July 11.—Theodore Roosevelt's four days of rest are over. Tomorrow he will turn from wood chopping, hay making and tennis playing to dip into practical politics once more. Governor Hughes is to be here late tomorrow, to spend the night and part of the next day at Sagamore Hill.

Col. Roosevelt spent a few hours today wrestling with his correspondence, which continues to pour in in such a steady stream that he does not know when he will be able to catch up. Then he played tennis for a time.

There was a great deal of speculation here as to the significance of the visit of his close friend, Wm. Loeb, Jr., collector of the port of New York, to President Taft, at Beverly, today, particularly as to whether Col. Roosevelt knew in advance that the meeting was to take place and whether he is to see Mr. Loeb to learn of his Beverly trip. Col. Roosevelt let these questions go unanswered.

Tomorrow's conference with Gov. Hughes is expected to be the most important one which the Colonel has held since his return from Africa. The nature of the conference already has been outlined authoritatively along broad lines. It is to be concerned primarily with New York State politics, with particular reference to the formulation of a plan for enacting legislation of the type of the direct nominations bill, which the Governor fought for in vain. This, generally speaking, covers the ground of the conference.

The bare outline of the subject matter of the meeting, however, has furnished considerable material for discussion. It is pointed out that the enactment of any such bill as the Cobb direct nominations measure would mean a task which would be worthy of the prowess of the ex-President since it would involve subjugation of the Republican organization which has opposed and defeated the bill, and a campaign of great ardor.

Since Col. Roosevelt has thrown himself into the thick of the fight, and since Gov. Hughes has shown no intention of relinquishing his place on the Supreme Court bench to run again, the deduction is made that with the Governor out of it, the Colonel will be compelled to conduct the fight which he has made his own by becoming in person the active leader of the so-called "Progressive" Republicans of the State.

Whatever passes between the two men, it is assumed that out of the meeting will be born a definite, aggressive policy of action.

GUNBOAT CASTINE WAS RAMMED

Submarine Struck Her But All Men Escaped Injury

Provincetown, Mass., July 11.—The gunboat Castine, flagship of the submarine flotilla, was rmamed by the submarine Bonita during the maneuvres today and was beached to prevent her from sinking. No one on board was injured.

Two of the plates of the Castine were loosened. Her dynamo and boiler compartments between frames No. 19 and 51 are flooded but the bulkheads are said to be holding firm.

The accident happened during a mimic attack on the Castine by the submarines, the Bonita apparently misjudging the distance and striking the gunboat with considerable force. The men on the boats felt the impact and some were momentarily stunned but no one was injured. The Bonita escaped with the slight denting of a portion of her armor and the loss of a small section of her railing.

As soon as it was seen how badly the Castine was damaged, it was decided to beach her near North Truro. She will be thoroughly examined tomorrow and preparations made for repairing the damage.

Zanesville, O., July 11.—Encouraged by the removal of Mayor Atherton, of Newark, by Governor Harmon today, the Civil League of Zanesville announced tonight through its officers that it will demand a similar action immediately in the case of Dr. A. N. Gorrell, of this city. The Civil League has already filed charges against him with the Governor, alleging that he has failed to enforce the county option law, permitting Zanesville "to border upon a state of anarchy."

Atlanta, Ga., July 11.—By a vote of 23 to 18 the income tax amendment was ratified in the upper branch of the General Assembly today. Practically every Senator took occasion to explain his vote. In the lower House the income tax resolution was made a special and continuing order until disposed of.

GASPS.

And another!

Don't speak of it in public!

Depths of Despair and then some!

Hope deferred maketh the heart sick.

The only consolation—Fayetteville didn't increase her marathon lead.

It was worse than a judicial convention with all the delegations standing pat.

The score board at Billy Baxter's was painted indigo in the early stages of the game.

Another win seems about as far in the misty future as the paving of Front street.

No Lulu, there was no matinee. The message was too distressing and the fans have lost hope.

Private advices from Raleigh are to the effect that the Sailors got decidedly the worst of the indicator in yesterday's game.

Pretty near the cellar position, but a few games will reverse the order pretty quickly and Manager Smith sends a wireless that it will not always be thus.

Manager Kite has gone to Philadelphia in search of new timber. Clapp has joined the locals and Stoehr has been taken over from Goldsboro. The crew will be in good sailing trim when they return the last of the week.

Hawkins again made us feel like thirty cents But after all, Jack wanted to change uniforms, he was dissatisfied with the Sea Gulls and better let him go where he can pull off stunts like those of yesterday than keep him here disgruntled.

In the American League for games to July 4th inclusive, Detroit and Philadelphia tied in club batting with averages of 264 while Boston was a close third with .256, New York .239, Cleveland .232, St. Louis .224, Washington .220 and Chicago .210. In individual batting Strunk, of Philadelphia, led with .438 while Lajoie, of Cleveland, was second with 403, and Cobb third with 379. Rath, of Philadelphia, is way down the line with only 153.

Fayetteville Team.

Just about now we're going to nose in and spill a few encomiumly somethings in an effusionary way with the Fayetteville Kilties holding down the title role, so if you feel anyways clabbered at seeing or hearing floral tributes hurled commendatory to said Highlanders, are sour on conservatory slanguage, or disgruntled because those bonny boys have the bunting by the short hair, so to speak, back water right now before getting in any deeper, for I'm liable, almost, to slop over.

Like Stevenson's adopted stable-boy, who "bemused himself with silence," we sometimes stuff a bath towel down our editorial-dope throat and reserve rooms in the nearest cellar to keep from following the example of the doctor who "made himself drunk with words."

This, we might add, is according to our taste.

But, for the merest space, believe us, bemusing time, like last year's cotton crop, is over; and, with a mere citation to what the Walrus said, we intend to have our say, even though it involves us in the blackest depths of verbal intoxication.

So there, Verbena!

Away with digression, and back to trumps! Besides being about the tafflest aggregation of confectionery youngsters this circuit has ever blinked on the ball job, individually and collectively they're headline binglers, fast on their tootsies, good gardeners, and for trimmings have a few packages in the twirling line that make the rest of the crowd yawn and assume a sitting posture. They're classy (with a Mediterranean C), fine (with a Flatiron F), slick (with a Snowy S), and great (with a country plowman's G). Prithee cast your peepers on their record—but first take the precaution to smoke glass.

In other words, the Kilties are positively the creme de la creme of the Eastern Carolina ballsmiths, the swiftest of lightning like operators on the playing field—and then some! Additionally; and besides a few more, I trow!

Now back to your shelf, trusty trowel!

On my way! On my way!

Madrid, July 11.—J. Perez Cabellero, who was minister of foreign affairs in the Armijo and Morety Prendergast cabinets, and formerly Spanish ambassador at the Quirinal, today was appointed to succeed Fernando de Leon y Castillo, the Marquis Del Muni, as ambassador to France. The marquis has held the diplomatic post at Paris since November, 1897.

PLAYED SEVEN INNING TIE

Fayetteville and Goldsboro Unable to Determine the Argument Before Rain Came and Broke Up Game Yesterday.

(Special Star Telegram.)

Fayetteville, N. C., July 11.—Fayetteville and Goldsboro played a seven-inning tie today, the score standing 1 to 1 when the game was interrupted by rain after the Giants' half of the seventh. The visitors scored in the third on an error. The Highlanders filled the bases in the fifth and tied the score by Boyle's sacrifice fly. The Highlanders have lost only two of the 21 games played on the local grounds this season.

NEGRO REBELS ARRESTED.

Seven Charged With Conspiring to Start Uprising in Matanzas.

Havana, July 11.—Col. Jorge Valera, a mulatto, and six other persons, most of them colored men, were arrested by the secret police today charged with conspiring to start an uprising against the government.

The seven men were on their way to Viejabermeja, in the province of Matanzas, to which place a trunk containing arms and ammunition and dynamite had been shipped from Havana.

Letters and documents found on the prisoners, who have been brought to Havana, are believed to implicate many other persons in the conspiracy.

The trunk was traced by the police officials to the medical school of the Havana University. The janitor of that institution was arrested today and a large quantity of dynamite was found in his possession.

It is not three months since the last negro conspiracy against the government was nipped in the bud by the police officials. Agitation of the race question in various parts of the Cuban Republic culminated on April 23 with the arrest of Gen. Evaristo Estenose, (colored) leader of the independent party and four of his associates.

Following the detention of General Estenose many arrests were made in various parts of the island in compliance with orders from President Gomez, who announced his determination to proceed with the utmost vigor against the elements reported fanning the agitation, which, in effect was regarded as a serious movement, calculated to develop open revolution against the government. Indictments were returned against Estenose and 22 of his assistants charging them with the crime of inciting rebellion and instigating anti-white violence. Later, however, all the negro prisoners concerned in the alleged conspiracy with the exception of the negro leader were discharged by a special judge, who was appointed to try the cases.

GARFIELD LEADS OHIO FIGHT.

Insurgent Movement Organized—May Run for Governor.

Cleveland, O., July 11.—Cheered by an audience of progressive Republicans as the "People's candidate for Governor of Ohio" James R. Garfield tonight opened the fight to place Ohio in the "insurgent" column. In a speech in which he avowed himself as "insurgent" and eulogized the section of Congress which is known by that name, the former Secretary of the Interior set forth the platform upon which the "progressive" Republicans of this State will enter the Fall campaign.

The meeting was avowedly the christening of the newly organized "Progressive Republican" movement in Ohio and its slogan, as announced by Mr. Garfield, is "Manhood first and prosperity second."

The meeting was attended by delegates representing practically every district in northern Ohio. Mr. Garfield insisted that the control of corporations was the most important problem confronting the people at present and urging that corporation officers and directors be held directly responsible for corporation acts. He also declared that public officials who accepted corporation funds for election purposes should be subject to loss of office and permanent disqualification from ever again holding office.

Boston, July 11.—Official notification of the collision was sent to the navy officials by the commander of the scout cruiser Birmingham in a wireless message to the commandant of the Charlestown navy yard. In describing the accident he said: "Castine struck by Bonita during attack, at frame 26 and is beached near North Truro. Boiler and dynamo compartments between frames 19 and 51 are flooded. Bulkheads at frames 19 and 51 holding safe. No one injured."

Captain Fletcher requested that wrecking apparatus be sent at once and that the department officials be notified.

NO GAME AT WILSON.

Rain Interfered With Contest—Clapp Joins Sailors.

(Special Star Telegram.)

Wilson, N. C., July 11.—There was no game today on account of rain. Clapp, who has been playing shortstop with the Champions, was released Saturday night and left Sunday for Raleigh, where he goes to cast his lot with the Sailors. Sharpe, who had been playing second base for the Sailors, has lined up as short-stop with the Tobacconists. He comes from Lynchburg, Va., having played with Wilmington last season.

MADE TO WALK THE PLANK

Naval Officer Opposed Secretary Meyers Reorganization Scheme

Washington, June 11.—Washington Lee Capps, captain in the reguiar naval establishment and Rear Admiral by virtue of the fact that for nearly seve years he has been head of the Bureau of Construction and Repair, today tendered his resignation to take effect October 1. It has been accepted. Neither Secretary Meyer nor Rear Admiral Capps tonight would discuss Mr. Capp's sudden determination to retire from the service, but it is recalled tnat Admiral Capps, before a Congressional committee last Winter bitterly opposed the plans of Secretary Meyer looking to a reorganization of the Navy Department.

In a formal statement issued tonight by the Navy Department the situation growing out of the difference of opinion between the Secretary and the Chief of the Bureau of Construction and Repair was set forth as follows:

"This action on the part of Chief Constructor Capps was prompted by the fact that he does not find himself, as stated in his application, in entire accord with certain details of the reorganization policy of the President and Mr. Meyer. Under these circumstances Mr. Meyer deemed it for the best interest of the naval service to recommend that Mr. Capps' resignation be accepted and that he be transferred to other duty. Mr. Capps, it is stated, will be assigned appropriate duty in accordance with his rank and experience."

The chief constructor will have completed on October 1st, thirty years of service in the Navy and thus be entitled to retire with the rank of Rear Admiral. In the meantime he probably will be sent on a tour of inspection to the west coast or to the Philippines to complete the record of inspection work which he previously has done in that direction.

Secretary Meyer today transmitted the resignation to President Taft, with the recommendation that it be accepted.

THREE TRAINMEN KILLED.

Wreck on New York Central Yesterday—Passengers Shaken Up.

New York, July 11.—Three trainmen were killed and a train load of passengers were badly shaken up when northbound train No. 59 on the New York Central, known as the northern and western express, was wrecked near Newton Hook, nine miles north of Hudson, early today.

The engine and baggage car jumped the track and toppled completely over. The railroad officers here report that all the passengers were able to continue their journey.

The Twentieth Century Limited, on which Jack Johnson, the heavyweight champion fighter, was coming to this city, was delayed an hour by the smash-up.

The fatalities were primarily due to the overturning of the engine and baggage car, which toppled completely over when they left the rails. Every other car of the seven comprising the train were derailed but only the baggage car was overturned. The tracks were badly tourn up and traffic was blocked.

Aside from the baggage car the train equipment comprised Pullman coaches. The train, northbound, was known as the Northern and Western express, and carried sleepers for Utica, Syracuse, Buffalo and other points, including one for St. Louis. The train left New York at 12:03 o'clock this morning.

KILLED AT FRIEND'S GRAVE

Lightning Causes Death While Corpse is Being Lowered.

Chattanooga, July 11.—Walter White, a young man about twenty years old, while aiding in lowering the body of D. N. Barksdale into his grave, was struck by lightning, and instantly killed.

The tragedy of the elements occurred near Tyner, this county, yesterday afternoon. Members of the funeral party, already somewhat excited by the approaching storm, became almost panic stricken when White was stricken dead. Several others of the party were stunned.

The body of the young man was removed to his home in the hearse which had carried that his friend to the cemetery a few minutes before.

PITTSBURG CHIEF MAY DIE

Was Shot by Bandits Who Held Up Trolley Car.

Pittsburg, July 11.—While Police Chief Schiver Stuart, victim of a street car hold-up early yesterday morning, is fighting for his life in a hospital because of a wound inflicted by one of three young desperadoes, of whom are under arrest, a third bandit who escaped is thought to be bleeding to death in the woods of the south hills where he is in hiding. A squad of police has been sent to search the woods and early this afternoon a trail of blood was found leading from the hill, where McDonough was seen, to a turnpike road where the trail was lost. A capture is expected before morning.

Richmond, Va., July 11.—Richmond had its first motor car funeral today. The procession consisted of four automobiles, instead of the usual hearse and hacks. The deceased person was an infant. The coffin was in the first car, with the members of the immediate family.

AFFAIRS AT THE CAPITAL

Assemblyman Early With His Seat—The Sodiers' Home—Automobiles in North Carolina—Farmers' Institutes—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., July 11.—The first application came to the Secretary of State today for the reservation of a seat for the 1911 General Assembly. This came from A. A. Hicks, of Oxford, who has been re-nominated for the Senate and now, without waiting for the result of the election, writes the Secretary of State to reserve him a seat which he is especially anxious to have. He feels that Granville has such a big Democratic majority that he is fully warranted in counting on his election as a certainty.

The board of trustees of the North Carolina Soldiers' Home is still halting as to the election of a superintendent of the Home to succeed the late Capt. R. H. Brooks. The selection was to have been made a week ago but when the trustees came to go over the list of applicants of whom there were twenty-odd, there were a number of questions that developed as to just who would make the most desirable superintendent, with the result that there was an indefinite postponement of the election. The trustees wish to select some competent Confederate Veteran, one whose health and general qualifications will be equal to the requirements of the place.

There are just 1,580 automobiles in North Carolina with the exception of the machines in New Hanover county, which are not registered with the Secretary of State owing to a special act exempting New Hanover. The county registering the most machines is Mecklenburg with 174. Others having 100 and more are Guilford, 135; Buncombe, 108; Forsyth, 105.

The house committee of the Capital Club is considering the question of adding a roof garden to the already splendidly equipped club building on west Martin street. A very largely signed petition from the members has been filed with the governing board urging that this be done. The club is in an exceptionally flourishing condition.

The Farmers' Institute parties, five in number, under the auspices of the State Department of Agriculture, start out this week for trips into every section of the State and continuing until well into August. The Seaboard Air Line party begins its series of institutes at Pittsboro July 12th; the Southern party at Cedar Grove July 15th, the Northern party at Oxford July 14th; the Central party at Carthage July 20th and the Western party at Fletcher July 20th.

At most of these institutes there are to be institutes also for wives and daughters of farmers. A prize of $1 is to be awarded at each of these to the wife or daughter of a farmer who brings the best loaf of bread baked on the farm.

Corporation Commissioner Brown has gone to Charlotte to attend the Tenth Congressional District convention in session there this week. He will spend a few days with his family at Franklin, Macon county, before returning to Raleigh to resume the arduous task of passing on the assessments of the five thousand and more corporations in the State.

AT WHITEVILLE.

Cooks Form Union—Congressional Convention News and Talk.

(Special Star Correspondence.)

Whiteville, N. C., July 11.Mr. D. C. Fussell, cashier of the Bank of Tabor, was in Whiteville today. He reports his town as growing very fast, and new buildings are going up all the time. The Bank of Tabor has made a splendid showing, and is recognized as one of the safest and most substantial in this section.

There is great complaint here about a scarcity of labor. It is impossible to hive cooks in Whiteville at any price, and lady members of many of our wealthiest families must do their own housework. It is said the negroes have organized a union in this county and will not work for the whites unless for big pay, and then they only work for a few hours a day. The situation is unbearable, and there is talk of importing reliable white servants. If you dismiss one negro, it matters not what be the provocation, none others will work for you until the discharged servant is satisfied and lifts the boycott. It is the same way on the farm. Our farmers are preparing to reduce acreage another year and use improved machinery. They say the time has arrived when they must arrange to do without the negro.

The Congressional convention, to convene on the 21st at Wrightsville Beach, is now all the sensation. It is conceded that there will be a deadlock. A gentleman who was last week in Lumberton predicts that after a few ballots have been taken, the Robeson delegation will go over to Mr. Godwin, as it was named by his friends and is almost unanimously anti-McKinnon. It is also reported that half of the New Hanover delegation is for Godwin, and failing to nominate Mr. McClammy will change to Godwin. But the anti-Godwin men say they will meet their opponents at Philippi, and when this vote changing is going on you will see it offset by other counties. It is understood that Hon. O. L. Clark, of Bladen, has engaged one entire floor of a hotel at the beach for campaign headquarters, and his friends are counting on his nomination. The general prediction is that the convention will remain in session several days before making a nomination.

TOBACCO MARKET.

Columbus and Bladen Preparing to Handle Big Crop.

(Special Star Correspondence.)

Whiteville, N. C., July 11.—The tobacco crop is now being gathered and a general enlivening of business is looked for. The yield will be fully up to an average, and the grade is said to be much better than past seasons.

There is quite a rivalry among warehouses over handling the crop. Fair Bluff is the largest tobacco market in this section, and is working for business over two States. The new warehouse at Tabor will not be opened, on account of refusal of the American Tobacco Company to send a buyer there. This was a great disappointment to the people. It was thought for a time that the warehouse at Whiteville could not get a buyer from the American Tobacco Company, but last Friday President I. Hinson received a letter stating that two buyers would be sent to Whiteville this season. It was the cause of much rejoicing in our town. The Whiteville warehouse will be managed again by Col. J. Holland Cole, of Virginia, an experienced buyer.

Mr. Sam Meares, of Clarkton, was in Whiteville yesterday and stated that the Clarkton tobacco warehouse was preparing to have a grand opening at an early day, and which would be extensively advertised. Mr. C. H. Taylor, one of the finest tobacco men in the South, will have it in charge. Mr. Meares also states that Mr. Taylor intends permanently locating in Clarkton, and be in a position to advise with growers in planting and gathering their crops.

Tobacco men say a very superior grade of tobacco is growing in Columbus county, and when our farmers learn better how to trim and cure the plants, it will take a high rank in the market and command the top price.

There is a determined effort made by our local warehouses to put an end to the shipment of tobacco to warehouses in South Carolina. On the other hand, they are working to control the bulk of the crop in our sister State, grown in the eastern section.

The sale of tobacco will put considerable money in circulation at a dull season, and our merchants are counting on business greatly improving now. Wilmington, of course, will get its share of this cash. Hundreds of our people are taking advantage of the special train service to shop in your city.

SUNDAY SHOOTING.

Negro Woman Wounded by Her Husband in "Little Raleigh.

(Special Star Correspondence.)

Rocky Mount, N. C., July 11.—A which the participants claim was accidental though the police think otherwise, occurred yesterday afternoon in a colored settlement of the city known as iLttle Raleigh, A negro by the name of Jim Strickland shot his wife with a pistol inflicting a wound in her forehead and it is little short of marvelous that the woman was not killed. There was one shot fired and the woman was struck on the left side of the forehead and the ball glanced, making a wound of about an inch and a half in length through the head and coming out near the temple. The ball did not lose all of its force and it smashed a window glass in the room that the shooting occurred. The woman while it is thought is not dangerously hurt, has a painful wound. Persons in the neighborhood telephoned for the police declaring that they were fighting, and this is the general belief with those in the neighborhood at the time as the disorder as coming from the house was noticeable. When the officers arrived they found that the woman had been shot but she staunchly declared that they were playing with a pistol when the same accidentally fired and she was struck by the ball. The man was arrested today, and the matter will be threshed out in court tomorrow.

FOUR MORE SENTENCES.

Compatriots of Wm. C. Mabray in Race Track Swindle.

Council Bluffs, Iowa, July 11.—Four more sentences were dealt out by Judge Smith McPherson, in the United States district court, today to compatriots of William C. Mabray whose swindling operations amounted to more than a million dollars. Luther, who rode in the "fixed" horse race for Mabray, received a jail sentence of six months and $100 fine. Dick Beattie, a foot racer, received 13 months and a $100 fine. West and Beattie were both arrested at Webb City, Mo. They pleaded guilty.

Ole Marsh and Bert Shores, convicted at the recent trial with several others were sentenced to 15 months imprisonment. All will be taken to the federal prison at Leavenworth, Kan.

The appeal bond of $5,000 furnished by Clarence Class now serving a term at Leavenworth, was accepted and the warden ordered to release the prisoner. Class lives in Chicago.

ALL WRONG

The Mistake is Made by Many Wilmington Citizens.

Don't mistake the cause of backache. To be cured you must know the cause.

It is wrong to imagine relief is cure Backache is kidney ache.

You must cure the kidneys.

A Wilmington resident tells you how.

A. M. Wilson, 402 S. Fifth St., Wilmington, N. C., says: "I am a strong endorser of Doan's Kidney Pills and shall always praise them. I believe Doan's Kidney Pills the best remedy to be had for Kidney trouble. My back was very weak and lame and though I wore plasters and tried liniments I did not get relief. The kidney secretions were so frequent in passage that I had to get up several times at night and they also contained sediment. I heard so much about Doan's Kidney Pills that I decided to try them and procured a box at Robert R. Bellamy's Drug Store. They cured me after other remedies had failed and it can be plainly seen why I am so willing to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

S. S. S. THE BEST SPRING TONIC

Most persons, even those who are ordinarily strong and healthy, need a tonic and blood purifier in the Spring. Some have no particular ailment, but are weak, debilitated and run-down. Winter life with its decreased amount of outdoor exercise, and the fact that cold weather has kept the pores of the skin closed, prevented the proper amount of waste and refuse matter from being expelled from the system. These impurities entering the circulation have thinned and weakened the blood, and the body therefore does not receive a sufficient amount of blood nourishment. The general bodily weakness, tired feeling, fickle appetite, poor digestion, etc., show how anaemic the blood has become. Frequently skin diseases, pimples, eruptions, etc., break out and this is evidence of the impurity of the circulation. S. S. S. is the best Spring tonic, because it is the greatest of all blood purifiers. It is the only medicine on which you can rely to supply the system with the needed tonic effects and at the same time purify and enrich your blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long, hot Summer. S. S. S. is made entirely from roots, herbs and barks; it is Nature's tonic, pure and healthful. It regulates digestion, tones up the stomach, improves the appetite and promotes strong, vigorous health. This will be your best Spring season if you use S. S. S. for your tonic.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by man, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Tuesday, July 12th, 1910.

Perhaps it is peroxide flour that has been giving people pelagra instead of corn meal, which, after all, is no doubt an innocent bystander.

We have often heard of New York's yellow journals but the campaign down in Georgia has brought a lot of Brown newspapers to the front.

Here's hoping that by the 26th of July the Hon. Charles M. Stedman will have the only key to that deadlock in the Fifth Congressional District.

July 18th is the date set for putting on the Reno fight moving pictures in New York, Boston, Philadelphia and Chicago. Thus is foreshadowed another event that will send a temporary cloud over Oyster Bay.

Men who pretend to repeat what Col. Roosevelt tells them should always carry along an interpreter in order to prevent the wrong impression from getting out and later calling for an explanation or a denial from Oyster Bay.

Col. Roosevelt wants to know "How can we get rid of the political wire pullers?" Col. Roosevelt should know that if they are out-pulling him he should call for more help on his end of the wire. In that way he can outpull the other wire-pullers.

Count Zeppelin has often fallen down in his efforts to navigate the air and hard luck has often overtaken his air ships, but in spite of the destruction of his last ship he is going to build another. Thus, the Count is persistent in his lofty aspirations.

Men show their gallantry by rejoicing at the elevation of Mrs. Ella Flagg Young to the presidency of the National Educational Association. At banquets, however, speakers should be careful not to get balled up and offer a toast to Mrs. Yellow Flag Oung.

A Washington man wants a divorce from his wife because she is always abusing him. He probably is only a common insurgent against home rule and if so he is in the minority and will have to take all that is coming to him, along with all other well-behaved husbands.

Says the Atlanta Journal: "Is it possible that Glavis hasn't yet called on the Colonel?" Probably the Colonel is too busy opening all that mail to spare the time to receive Glavis and hear the whole story from beginning to end. Glavis is the man who knows all about what they have done to "My Policies."

The old question "What is Whiskey" has bobbed up in Washington again, as it is claimed that President Taft didn't decide the question right in his former decision. We thought at the time the President's decision was handed down it would finally be overruled by every judge of good whiskey throughout the land. Bibulous experts never have repealed the unwritten law that "there's whiskey of all kinds but some's better'n others."

The Asheville Citizen Says: "The ethics of the matrimonial market would not be upset by giving women a free choice in the selection of a husband, a choice which she could exercise by proposing marriage when she found worthy material." In other words, our esteemed contemporary means that women should propose. How flattering it would be to a fellow to have a girl to hint about offering him a solitaire if he will promise to be hers. However, many a jolt would be coming to the lobsters who would hang out the matrimonial sign and have no notice taken of it.

DEVELOPMENT OF THE AIR SHIP.

The navigation of the air has made wonderful progress in the last two years, and probably within the next year or two the world will witness the development of air craft on a scale that is little dreamed of today. Even a few months ago records were made with the biplane, the triplane, and other airships, that were almost beyond belief, but the demonstrations even within the past week eclipse all other records in distance flights, high flights and carrying flights by which is meant the carrying of more than one passenger on an aeroplane or an airship.

With the constant achievements by the daring aviators continuing to eclipse all former achievements, the world is almost prepared now to watch the progress of air navigation without being surprised at most anything that the aviators may do. We have recently witnessed and heard of the flights from New York to Albany and from New York to Philadelphia and return, and yet within a few days afterwards a French aviator made a still longer flight, while an American aviator on the Jersey Coast flew to a height never heretofore reached by the hardiest of the air-flyers. No doubt all of these wonderful achievements sooner or later will become commonplace, and we are prepared not to be surprised at what is coming along in the way of surpassing all records with the present style of airship and also in the construction of entirely new navigating craft for conquering the air.

We may expect soon to see an exhibition of air navigation that will attract attention throughout the world. It is to be a race from New York to Washington, which will be a test greater than any yet attempted. Additional interest will be taken in this contest on account of the fact that the Wright Brothers have decided to race Curtiss, Hamilton and other aviators. The New York to Washington trip will exceed the roundtrip flight of Hamilton between New York and Philadelphia, and in many respects this new test will prove more interesting than any other heretofore made in either this country or Europe. The Washington Post says it will afford "a more determinated test of skill and endurance" than all previous tests and it may be added that at the time the race takes place better machines may also participate. At any rate it is believed that this contest will demonstrate the relative merits of the Wright machines and the Curtiss machines which appear to be the most successful of the world's air craft. The Curtiss machine, it will be remembered, involved some of the Wright Brothers patents, but Curtiss claims that his machine is an improvement over the original Wright machine, which, by the way, was first perfected and successfully sailed at Kitty Hawk, N. C.

The New York to Washington contest will put all the inventors on their mettle. It is announced that the Wright Brothers are building a new biplane and will be ready with it some time next month, and no doubt Curtiss will also be on deck with some improvements to his machine. There also may be others yet unheard of to come into the contest with some new-fangled airship, for there are numerous accounts of work progressing on inventions of this character at various points in the United States. A contest like the one now scheduled is sure to be conducive to the development of the inventions for air navigation, for competitive trials between the different types are sure to make the leading inventors and builders of machines employ all their genius in the effort to eclipse all others.

Up to this time air navigation has been only a sport because there has been so much money in exhibitions. Therefore, practically no effort has been made to build aeroplanes for practical use. No doubt it will be some time yet before air navigation will be anything but sport but the commercial end of it may come later. We are prepared to believe that we will yet see machines fly a greater distance than any now in existence and that machines are to be built with greater carrying capacity, thus blazing the way for their practical use. It is believed that but for the profitableness of exhibition machines the aerplane would have been more greatly developed than it is today and that freight carriers, mail carriers and probably passenger craft would have been undertaken. As it is now, the demand for racing machines exceeds the capacity for the limited number of machine shops now engaged in constructing the different types of aeroplanes. No one need be surprised at what the aviators may do in the future, as we have seen them do incredible things in the recent past.

"Three cheers for Roosevelt" were given at a dinner in honor of Secretary Ballinger. This looks like supplementing the menu with a bitter pill for Ballinger to swallow.

Speaking of the Jeffries-Johnson fight, the Charleston News and Courier says "more than half of the 1,500 women at the fight wept." Probably they had their money on Jeff and were only crying over spilt milk.

REPUBLICAN CAMPAIGN DOPE.

Now that the campaign is fairly on, the Republicans are boasting that the recent Treasury statement shows a surplus of $11,000,000 for 1909-10. The New York Tribune, making the most of it for the G. O. P., gloats over the "striking evidence of the care with which the finances have been administered in the first year of the Taft administration." The Tribune goes on to say:

"It was estimated last December by the Treasury Department that the excess of ordinary expenditures over ordinary receipts would be about $34,000,000. That estimate was based on the supposition that the expenditures for 1909-10 would be at least $20,000,000 greater than those of 1908-09. But so strict a watch was kept on outgo, and so many savings were made all along the line, that the expenditure for 1909-10 was actually $2,662,000 less than for the preceding year. In the Postoffice Department a deficit of $19,501,000 was cut to $8,495,000. That more than neutralized the increases in the other accounts due to more liberal appropriations by Congress. Revenue, moreover, was larger by $22,500,000, than the department expected it to be, so that a deficit of $34,000,000 was converted into a surplus of $11,000,000. In addition, the last fiscal year has turned over to the new one an uncollected corporation tax balance of $8,500,000."

It is to the discredit of the Republican administrations that there was any deficit at all and we fail to see what there is to boast of in having a small surplus of only $11,000,000 three years after the panic of 1907. If the National Treasury were to have made even a normal showing during a period of recovery in keeping with the business of the country, and especially following the enactment of a new tariff law and a tax measure that gets many millions of dollars out of the corporations to supplement the rake in from the impost taxes, the surplus should have equalled that. In addition to the revenue heretofore raised on account of the tariff on foreign imports, the Taft administration has almost collected its surplus out of the corporation tax, which along with the tariff tax is ultimately paid by consumers.

With aditional means of taxing the people, it stands to reason that the Treasury ought to be overflowing. We repeat that we see nothing to boast of, and probably there would not be any boast except that it is a campaign year and it is necessary to mislead the people one way or another. In face of the fact that this administration has been one of proven extravagance, the Tribune says the surplus is due to the economical management of the administration, thus disingeniously giving no credit at all for the new corporation tax.

CURRENT COMMENT.

The Bill Nye memorial will not be a school just for fun, may it be remembered.—Jacksonville Times-Union.

So far no Republican has announced himself a candidate for Congress, but maybe it would be no use without getting the consent of the leaders.—Durham Herald.

It is talked that in some of the Republican precincts in the recent Wake county primary was equal to the total vote polled at the elections, but of course there may be nothing in it.—Durham Herald.

None of us know it all. "Take Mebane out of the race and a nomination will be made on the next ballot," was heard on all sides. Mebane did get out and still nothing was doing.—Greensboro Record.

Sixteen white children have been born in the town of Oriental, Pamlico county, since July 2. As the town's population is not in excess of 600, we confidently expect that its mayor will receive early congratulations post-marked Oyster Bay, N. Y.—Charlotte Observer.

The placing on a 6 per cent. basis of a $10,000,000 issue of Missouri, Kansas & Texas Railroad notes affords the latest indication that higher rates for money prevail and that investment capital is relatively scarce. Under such circumstances North Carolina, with her 4 per cent. bonds, did exceedingly well.—Charlotte Observer.

That protests against the prize fight pictures are not based wholly in and upon race prejudice is shown by the fact that the exhibition of them is being prohibited in Europe, in Australia and in South Africa, where race prejudice is not an important factor. The opposition to the pictures is founded on the brutalizing effect of them. As Cardinal Gibbons pointed out the other day, they create an entirely erroneous idea in the minds of boys and youths of what constitutes heroism. The pictures tend to idealize the prize fighter and apostheosize brute strength.—Savannah News.

Brazil is sending to the United States an expert commission to learn the secret of growing cotton. The Brazilian government is of the opinion that cotton can be profitably grown in South America, if the people of that section only learn how to cultivate it. The late Senator Morgan, of Alabama, studied cotton for more than 65 years. He used to say that no country on earth could grow cotton in competition with the South Atlantic States of the United States until it had transplanted the Appalachian chain of mountains and the Gulf of Mexico. Brazil may send all of the experts she pleases, but the South will continue to grow the cotton until the mountains and the gulf are moved.—Savannah News.

Had it been made known earlier that the fight films were not to be produced in places of amusement frequented by children, the wave of protest might not have assumed the proportions it did. For one thing, only the big theatres could afford to pay for the privilege of putting the pictures on. Besides, the unwisdom of displaying them where they would work harm to children seems to have occurred to the picture folks before it did to the public, and the decision was reached to restrict the privileges accordingly. Moreover, it is announced that the pictures will not be shown at all where public sentiment does not sanction them, and if the opposition is found to be general, the project will be abandoned altogether. Thus shorn of its worst features, the question of the hour takes on a changed aspect, not only with respect to the children, but the race question as well. Racial clashes are not to be apprehended in places which discourage the presence of colored persons.—Washington Post.

A day or two after Mr. Roosevelt's return from Africa and Europe he vigorously refused to have anything to say for publication on political affairs in this country, and added that he would make no political utterance for some time and might never make another political speech as long as he lived. In a few days more, as The Landmark noted with some amusement, the Colonel had written a telegram to Chairman Lloyd Briscom, of the New York County Republican Committee, urging the passage of the Cobb-Hughes primary bills by the Empire State Legislature. That was entirely inconsistent with Mr. Roosevelt's declaration that he would have nothing definite to say publicly about politics for a month or two. Now comes the authentic announcement that Mr. Roosevelt has been asked and has promised to make a speech in Indiana in behalf of Senator Beveridge, who is opposed for re-election by the Hon. John W. Kern, candidate for Vice President on the Democratic ticket in 1908. Mr. Roosevelt denied Tuesday that there was any warrant for the assertion that he would interfere in the Washington State campaign of Representative Poindexter for the toga of Senator Piles, reactionary. The announcement as to Indiana is made in such shape that there can be little doubt of its correctness. The ex-President is going to get into politics, and once getting in, he cannot be himself without being strenuous. His sympathies are plinly with the progressive element of his party, and in the main with the so-called insurgents. How, then, is Mr. Roosevelt going to escape being brought eventually into direct opposition to President Taft, his prodigal political protege? We cannot see how the clash is to be avoided unless either the President or the ex-President turns a complete backward somersault in the very near future.—Norfolk Landmark.

MT. OLIVE NEWS.

Death of Two Children—Personal Notes—Dr. Zollicoffer Speaks.

(Special Star Correspondence.)

Mount Olive, N. C., July 11.—Their many friends sympathize with Mr. and Mrs. Albert H. Oliver in the loss of their three-months-old baby, which died Friday at noon, the interment being made in Maple Grove cemetery Saturday.

Mr. Henry W. Westbrook, formerly of this place, arrived last Saturday from Raleigh to join his wife and daughter for a visit to relatives and friends here.——Mr. James D. Roberts, of Sanford, Fla., is visiting his mother, Mrs. Ella Roberts, in this city.——Little Miss Gertrude Summerlin, about 14 years old, and only daughter of Mrs. Maggie Summerlin, and the late Chas. Summerlin, deceased, after a severe illness lasting several weeks, died at the home of her mother here Sunday afternoon at 3 o'clock, and was buried in Myrtle Grove cemetery this morning at 11 o'clock; the funeral being conducted from the Baptist church at 10 o'clock by the pastor, Rev. P. A. Anthony. Deceased is survived by her mother and one brother, Leonard Summerlin, to whom the sincere sympathy of the people of this community is extended. Gertrude was a very bright and attractive girl, and was popular with a large circle of playmates. Her death falls as a heavy nd distinct loss to her widowed mother.

Dr. D. B. Zollicoffer, of Weldon, N. C., the State leader of the Laymen's Missionary Movement, conducted services at the Methodist church here Sunday morning and night, and with his earnestness and forcefulness did much to stir the church membership to greater activities along the line of work in which he is engaged.

Miss Hilda Spruill, of Louisburg, N. C., is visiting in the city at the home of Hon. John D. Langston.——Prof. and Mrs. David F. Nicholson, formerly of this city, are here visiting Mrs. Nicholson's relatives.——Miss Lillie Mae McIntyre, of Florida, is in the city visiting at the home of her grandmother, Mrs. Ann S. McIntyre.——The weather conditions are favorable in this section now and crops are "making good" with apparent renewed determination. Crop prospects are splendid and the farmers in good spirits.

JOHNSON COUNTY MAN KILLED.

Charles Davis is Horribly Mangled at Smithfield—Sickening Sight.

(Special to Charlotte Observer.)

Smithfield, July 10.—Charles Davis, a young man about 27 years of age, who lived about eight miles east of this place, was run over and instantly killed at the Atlantic Coast Line depot in this place last night about 12:05 o'clock by fast train No. 82, horthbound. He had been drinking and it is thought went to sleep on the track.

Train No. 82 is one of the fastest on the road and does not stop here. When Mr. Ernest Ruckman, telegraph operator, went out to the track to get the mail, instead of picking up what he thought was the mail bag, he picked up a man's leg. The body was horribly mangled, pieces of it being found nearly one mile from where the accident occurred.

Your correspondent, in company with Mr. W. W. Ward and others, found a number of pieces of the skull, teeth, etc., scattered along the track. The remains, what could be found, were turned over to the undertaker, Mr. J. D. Underwood, and prepared for burial. They will be taken to the home of the young man's parents today and buried tomorrow. Mr. Davis was a farmer and well thought of in this community.

CONTRACTOR WANDERS OFF.

Raleigh Man Has Been Missing Since Friday of Past Week.

(Special Star Telegram.)

Raleigh, N. C., July 11.—J. T. Jones, a well known tinner and roofing contractor, who maintains an extensive shop on Salisbury street, has been missing since Friday, when he left his boarding house presumably to go to his shop and his friends are searching anxiously for him. He has seemed greatly troubled for some time, his wife having left him some months ago. He went to the union station Thursday night to mail a letter he seemed to consider very important. There seems to be no financial troubles that could have seriously disturbed him. There are fears that he has wandered off in a demented condition. He has suffered a great deal with his head and otherwise for the past year from the effects of falling from the roof of a building in Winston-Salem.

BOARD OF EQUALIZATION

Mr. W. A. Williams Elected Clerk of County Auditing Board and Mr. W. M. Cumming Named as Tax Assessor.

Sitting as the Board of Equalization, the Board of County Commissioners met at the Court House at 3 o'clock yesterday afternoon with Chairman Duncan McEachern presiding and Col. John VanB. Metts and Mr. M. W. Divine, members of the board, in attendance, the purpose of the meeting being to receive returns from the list-takers and for the transaction of any business that might properly come before the body.

The most important matter was the election of Mr. W. A. Williams as clerk to the auditing board to fill the vacancy caused by the death of Capt. Owen Fennell. It is understood that there were several applicants for the position, but their names were not mentioned at the meeting yesterday, the members of the board probably having agreed in conference upon the man they would elect. Mr. Williams entered at once upon his new duties.

Mr. W. M. Cumming, the well known real estate dealer, was elected a member of the board of tax assessors to fill the vacancy caused by the resignation of Capt. Louis Belden, who was chairman of the board. The clerk, Mr. John Harr, was instructed to notify Mr. Cumming of his election.

Mr. Melvin Horne, of Federal Point township, and Mr. J. Herbert Johnston, of Cape Fear, list-takers in their respective townships, were present and made their returns. The list-takers in the other townships were not ready to make report. Mr. Thomas O. Bunting, list-taker for Wilmington township, was instructed to list all those of the city and county who failed to list during the prescribed time. A large number failed to list during the month of June and many listed with Mr. Bunting yesterday.

The petition of the residents of Winter Park Gardens protesting against the sale of near-beer in that immediate section was brought up for consideration. Messrs. John D. and Marsden Bellamy, county attorneys, were present and were asked as to the right of the County Commissioners to take action. They advised that the Commissioners had no jurisdiction in the matter, as they did not grant the license to conduct the place complained of, this having been provided for in the Revenue and Machinery Act. The attorneys stated that the residents would have to obtain any relief desired through the courts.

Chairman McEachern and Colonel Metts were named as deleggates to the annual meeting of the State Association of County Commissioners to be held at Charlotte, beginning August 10th. The meeting last year was held at Wrightsville Beach and was largely attended.

FUNERAL OF MRS. CAVANAUGH.

Sad Services Held From Grace M. E. Church Yesterday Morning.

The funeral of Mrs. Eli Cavanaugh, whose sad death occurred at the James Walker Memorial Hospital Saturday night, after a brief illness, was held from Grace Methodist Church, of which the deceased was a devoted member, yesterday morning at 10 o'clock, conducted by Rev. J. C. Wooten, who is acting pastor during the absence of Rev. Thos. A. Smoot, assisted by Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church. Mr. Wooten paid a beautiful and deserved tribute to the life and work of Mrs. Cavanaugh, who was widely known in the church and community for her religious activity. Many friends and relatives assembled at the church to pay a last sad tribute of respect to the memory of the deceased. Hundreds of friends called at the grief-stricken home Sunday to offer their condolences to those so sorely bereaved. Following the sad, but beautiful and impressive services in the church, the body was tenderly borne to Oakdale cemetery, where the interment took place. The many handsome floral designs placed on the newly made mound bore silent testimony of the high esteem in which Mrs. Cavanaugh was held by her innumerable friends. The pallbearers were: Messrs. B. B. Cavanaugh, M. G. McCullers, J. H. Womble, G. G. King, H. F. Wilder and J. H. Shelly.

CONVENTION RATES.

Low Round Trip Fares on Account of Congressional Convention.

Chairman Geo. H. Bellamy, of the Congressional Executive Committee of the Sixth District, is in receipt of a letter from Mr. C. B. Ryan, General Passenger Agent of the Seaboard Air Line Railway, advising that he has arranged to authorize over his lines reduced rates to the convention at Wrightsville Beach, July 21st, from Sanford, Hamlet and intermediate points to Wilmington, tickets to be sold Jhly 20th and 21st, limited for return passage to the 24th. The Atlantic Coast Line has also offered reduced rates for the same occasion and Democratic papers of the district are asked to give publicity to these announcements. In the event it becomes necessary it is certain that the roads will extend the time limit on these tickets.

The Atlantic Coast Line announces that, beginning July 10th, and continuing until September 4th, the following excursion rates to Wilmington will apply on Sundays from points named for train No. 41, arriving Wilmington 9:45 A. M., and train No. 42, leaving Wilmington at 7:00 P. M. same day; these regular schedules being admirably adopted to accommodate the travel.

Rocky Mount, $2.50; Sharpsburg, $2.40; Elm City, $2.25; Wilson, $2.00; Black Creek, $2.00; Fremont, $1.90; Pikeville, $1.75; Goldsboro, $1.50; Dudley, $1.50; Mount Olive, $1.40; Calypso, $1.30; Faison, $1.30; Bowden, $1.25; Warsaw, $1.10; Magnolia, $1.00; Rose Hill, 85c; Teachey, 75c; Wallace, 70c; Willard, 65c; Watha, 60c; Burgaw, 45c; Rocky Point, 30c; and Castle Haynes, 25c.

Tickets will be sold to children between the ages of five and twelve years at one-half of above rates.

TO THE STATE CONVENTION

Chairman Marsden Bellamy Announces Those to Charlotte on Thursday of This Week—Relative Strength of Candidates.

Under authority vested in him at the recent Democratic county convention, Chairman Marsden Bellamy on yesterday announced the delegates to the Democratic State Convention in Charlotte on Thursday of this week. In making up the list Mr. Bellamy was obliged to select as far as possible only those who would be certain to attend, as under the new plan of organization proxies are not recognized.

All those in the list have signified their intention of attending, but if there are any who cannot attend they are asked to advise the chairman at once in order that others may be appointed. The list as appointed is as follows: J. A. Taylor, Thos. W. Davis, Robert Ruark, Marsden Bellamy, J. H. Taylor, Jr., F. T. Skipper, C. F. MacRae, G. J. Boney, W. B. Cooper, M. J. Corbett, John D. Bellamy, John J. Furlong, R. G. Grady and George Rountree.

In appointing these delegates Mr. Bellamy states that he has endeavored as far as possible to give the respective candidates the strength to which they are entitled. It is stated that a poll of the list will show that of the 14 named, 12 are for Judge W. R. Allen for Associate Justice, and two are for Justice Manning. A majority of the delegation will probably favor Lee for Corporation Commissioner. There are no other contests before the convention.

Chairman Bellamy stated yesterday that it would probably be the last of the week before he would name the delegates to the Congressional Convention at Wrightsville Beach on July 21st.

CHILDREN'S DAY EXERCISES.

Held Sunday Night at Wrightsboro Union Sunday School.

Children's Day exercises were held Sunday night at Wrightsboro Union Sunday School, on the Castle Haynes road, a few miles from the city, under the direction of Mrs. W. A. Lineker, who has charge of the school. The attendance was large and the programme interesting and varied. A feature of the evening was an address by Mr. K. W. Price, of Grace Methodist Church Sunday School. The other features of the programme were: Opening hymn, "Onward Christian Soldiers;" answer, "Hark the Call," by the children; congregation, "The Way to the Cross Leads Home;" responsive reading, Phil. 2:1, 11; prayer; recitation, "The Angel's Message;" song, "There's Hope for Earth;" infant class, verses; song, "His Goodness and Mercy;" recitation, "Shield of Faith;" song, "Faith is the Victory;" recitation, "What is Hope;" song, "My Anchor Holds;" recitation, "My Measure of Joy;" song, "Joy;" recitation, "A Vision;" crowning song, concluding with "'Tis the Old Time Religion."

THE RECORDER'S COURT.

Negress Sentenced to Three Months on Farm for Larceny.

In the Recorder's court yesterday morning Dora Crawford, colored, was tried on the charge of stealing a gold bracelet from the lady by whom she was employed, the case coming up from Justice Bornemann's court, where the preliminary hearing took place one day last week. She was found guilty and sentenced to three months on the county farm. J. W. Whitlock was arraigned on the charge of an affray with Neill Gallagher, which is alleged to have taken place on Market street Sunday morning. Gallagher submitted to Justice Harriss and was required to pay the costs. The warrant against Whitlock was changed to simple assault and he was let off upon payment of the costs. Walter Williams, colored, was found not guilty of the charge of disturbing a public meeting at Castle Haynes during Christmas week. The case came up from Justice Bornemann's court. L. Clayton Grant, Esq., represented the defendant.

CHAMBER OF COMMERCE.

Special Meeting Today at Noon—Business Men Invited.

A special meeting of the Chamber of Commerce will be held at noon today for the purpose of hearing a proposition, in concrete form, from Mr. Geo. M. Terry, of the Terry Engine Company, Brooklyn, N. Y., with reference to the removal of his plant to this city and the establishment in connection a marine railway sufficient in size to take care of large boats like those used by the Clyde Line. The members of the organization are urged to be present and business men generally, whether members or not, are invited to attend. The matter was considered at some length at a conference held at the rooms of the Chamber last Wednesday night and since then has been gone into more fully by a committee named at that meeting. Other matters of interest may also be taken up at the meeting today.

CAROLINA BEACH TODAY.

Three Boats Today and a Good Time for All—Best of Order.

An old-time family excursion under the auspices of Jeff Davis Council, Jr. O. U. A. M., will be operated today on the steamer Wilmington to Carolina Beach and a large crowd is expected. The Juniors lay emphasis on the fact that perfect order will be maintained, a special committee having been appointed for this purpose, and mothers with their children will be given special attention as to their comfort and convenience. There will be three boats during the day at 9 A. M., 2:30 and 7:45 P. M. with a late boat returning at night. Music, dancing, refreshments and diversions of many kinds will be provided for all who attend. The fare is only 25 cents the round trip.

Some Fine Cotton.

The Star yesterday received by mail a practically mature cotton boll almost ready for opening from the Cedar Point Plantation of Mr. E. S. Smith, at the mouth of New River, in Onslow county. The boll was taken from a field of 100 acres and indicates a very large yield.

DENTAL EXAMINING BOARD

Convened at Seashore Hotel, Wrightsville Beach, Yesterday Morning for Examination of Applicants to Practice.

Preceding the 36th annual session of the North Carolina Dental Society by two days, the State Board of Dental Examiners convened in the assembly hall of Seashore Hotel, Wrightsville Beach, at 9 o'clock yesterday morning for examination of applicants for license to practice dentistry in North Carolina, and will continue in session through Wednesday.

There are 33 applicants for licenses and they are from various parts of the State. The theoretical work will be finished tonight and tomorrow will be given over entirely to practical work. The board is composed of the following, all of whom are present: President, Dr. V. E. Turner, Raleigh; secretary, Dr. F. L. Hunt, Asheville; Dr. J. H. Wheeler, Greensboro; Dr. J. S. Spurgeon, Hillsboro; Dr. J. N. Johnson, Goldsboro; Dr. C. A. Thompson, Wilson. The names of the successful applicants will be announced from the office of the secretary in two or three weeks after the adjournment of the meeting of the board, this being as early as the work of grading the papers, etc., can be done and as early as announcement is ever made.

The 36th annual meeting of the North Carolina Dental Society will convene in the assembly hall of the hotel Wednesday evening and will continue in session through Saturday. Usually the annual meeting of the society is attended by only about 100 of the prominent dentists of the State, but the attendance this year is expected to exceed that number by far. In addition to the members of the Examining Board, the following are among those who have already arrived: Dr. Arthur Hynes Fleming, of Louisburg, secretary; Dr. J. A. Sinclair, of Asheville, essayist; Dr. G. W. Whitsett, of Greensboro. Dr. J. C. Watkins, of Winston-Salem, the president, is expected to arrive tomorrow. Dr. Hunt, of Asheville, is accompanied by Mrs. Hunt and Dr. Thompson, of Wilson, is accompanied by Mrs. Thompson. Many of the other dentists will be accompanied by members of their families and their sojourn at Wrightsville Beach promises to be delightful and profitable. In addition to the North Carolina dentists there will be present many prominent members of the profession from South Carolina, Georgia, Virginia and a few from Maryland.

The exhibits of the dental supply houses will be opened in rooms adjoining the hotel lobby today. The exhibitors are: S. S. White Dental Mfg., Atlanta, Ga.; Electric Dental Mfg., Philadelphia, Pa.; Southern Dental Supply Co., Washington, D. C.; Piedmont Dental Supply Co., Winston-Salem, N. C.; Johnson & Lund, Philadelphia, Pa.; Powers & Anderson Dental Co., Inc., Richmond, Va.; George E. Vose, Richmond, Va.; A. C. Clark & Co., Chicago, Ill.; Colgate & Co., New York; Horlick's Malted Milk Co., Racine, Wis.; Consolidated Dental Mfg. Co., Philadelphia, Pa.; Eureka Suction Company, Loudonville, Ohio; The Ritter Dental Mfg. Co., Rochester, N. Y.

TAKEN THROUGH MISTAKE.

Reported Robbery Saturday Night of Rug Not Robbery at All.

It developed yesterday morning that the rug reported to have been stolen from the home of Mr. I. W. Cooper, No. 312 North Fourth street, was not stolen at all, but taken through mistake Saturday night by a driver for the C. W. Polvogt Co. It appears that a lady occupying apartments on the second floor ordered a large rug sent out and later telephoned that she desired to exchange it for one of different shade and the she would leave the one she had in the hall so that the driver for the delivery wagon could get it. The driver took the only rug he saw in the hallway on the first floor and carried it to the store. The rug taken by the driver belonged to Mr. Cooper and the mistake was not discovered until after what at first appeared to be robbery was reported to the police. The mistake was discovered, however, and of course the exchange was made right away.

Death of Little Daughter.

Many friends of Mr. and Mrs. J. Frank Potter learned with regret yesterday of the death of their ten-months-old daughter, Edna Gertrude, which occurred early yesterday morning at the family residence, No. 919 South Front street. The funeral was held from the residence at 4 o'clock yesterday afternoon, conducted by Rev. J. S. Crowley, pastor of Emanuel Presbyterian Church, and the interment was in Bellevue cemetery. Many friends tenderly sympathize with the bereaved parents.

Southern Tower Completed.

The southern tower of the handsome new St. Thomas Cathedral at Fifth and Ann streets was completed yesterday and the cross was placed in position at 4 o'clock. There was no special ceremony in connection with this important attainment in the progress of construction but the congregation and the public at large will be gratified to know that work is going on most satisfactorily and the handsome new building will soon be ready for occupancy.

Argue Case in Richmond.

Hon. John D. Bellamy and Robert Ruark, Esq., leave tonight for Richmond, Va., where they will argue before the United States Circuit Court of Appeals a motion that judgment be given in the Green Swamp cases on the opinion previously written in favor of the Gardner-Lacy Lumber Co. They will return from Richmond via Charlotte where they will attend the State convention.

Circulating Library.

The circulating library conducted by the Ministering Circle has been opened at the Northrop Cottage, on Wrightsville Beach. Many new books have been added. The fee is ten cents a week and all persons are asked to avail themselves of the advantages offered.

CROWDS AT POPULAR RESORT

Season at Wrightsville Beach Now on in Full Blast—Visitors From Everywhere—Great Crowds on Sunday.

Wrightsville Beach may be said to have reached the zenith of what will very likely go down in the annals of the resort as the biggest season in its history. Certainly the number of visitors thus far have exceeded the number for a like period during any past season and the hotel and boarding house proprietors have every reason to believe that the crowds will hold up until the latter part of August or first of September.

There are visitors at the beach from almost every section of the United States and all are enjoying themselves to the fullest extent. This year there are more visitors than usual from Tennessee, Alabama and North Carolina while there are as many as usual from South Carolina and Georgia. Both the Seashore and Tarrymoore Hotels are well filled with guests and both could utilize more rooms if they had them, notwithstanding the additions erected during the Spring. As one large party leaves, having spent their time, another comes and thus the hotels are kept filled practically all the time. The boarding houses, too, are seemingly doing a larger business than ever before.

The reduced Sunday rates on the four lines of the A. C. L. entering this city went into effect Sunday with the result that there were several hundred persons on the beach from surrounding towns. They returned to their homes in the evening, after having spent a thoroughly delightful day at the seashore. It is expected that the reduced rate will mean heavy travel every Sunday until the end of the season.

The number of regular Summer visitors and the Sunday visitors were augmented Sunday afternoon by the usual number from the city. The concert in the pavilion on the Seashore Hotel pier Sunday morning at 11 o'clock not only attracted guests of the hotel and other beach visitors but hundreds went down from the city, while the afternoon and evening concerts at Lumina were attended by thousands as usual.

Wrightsville Beach did not claim all the Sunday visitors, however, hundreds having spent the day very pleasantly at Carolina Beach and at Southport, going down on the morning and afternoon trips of the steamer Wilmington.

The Tidewater Power Company has recently added 50 bath rooms at Lumina in order to accommodate the increased number of bathers, making a total of more than 200. The refreshment stand at Lumina on the south veranda has also been increased in size to care for the increasing business.

SEMI-ANNUAL MEETING HELD.

Brooklyn Baptist Church Votes Popular Pastor Month's Vacation.

With 100 members and a number of visitors in attendance, the semi-annual roll call and meeting of Brooklyn Baptist Church was held last night. Reports were received from all the departments of the church work, showing the treasury to be in splendid shape. The matter of most interest and importance was action of the congregation in voting Rev. C. F. Whitlock, the popular pastor, a month's vacation with full salary, which came entirely unexpectedly to Mr. Whitlock, who stated last night that he would probably spend the time in the mountains of Western North Carolina. The Baptist Assembly will be held at Blue Mont, near Asheville, in a short time and it is Mr. Whitlock's purpose to attend. He will probably be accompanied by Mrs. Whitlock He will not leave for about ten days yet. The ladies of the church served dainty refreshments and a delightful social hour was spent by all.

Stephens Case on Appeal.

Judge Oliver H. Allen, of Kinston, spent Sunday and yesterday in the city on his return from Lumberton, where the past week he held Robeson county Superior Court. Yesterday while in the city he arranged on appeal the case of young Joe Stephens, in jail here under sentence of death. It will be recalled that there was some defect in the former appeal that went up so that the case was not argued at the Spring term, but was remanded to be re-made up on appeal. This has now been attended to and the case will come up on appeal on its merits at the Fall term of the Supreme Court.

Negro Dropped Dead Last Night.

It was reported at police headquarters last night that Ben Ashe, colored, night fireman at the Lingo box factory, near Delgado, dropped dead at 9 P. M. while attending to his duties at the plant. The officers endeavored to communicate with the coroner by telephone but were unable to get him. While there is no suspicion of foul play an investigation will probably be made today

WOMAN SHOOTS HER HUSBAND.

Thought He Was Burglar—Glad She Hit Mark.

Pittsburg, July 11.—"I shot my husband because I thought he was a burglar, and I would do it again under similar circumstances.

"Men who stay out late at night should answer promptly when their wives call 'Who's there?'

"Every woman should know how to handle a gun. My husband insisted on my learning to do so, and I am not sorry that I was taught to be a good markswoman.

"I am sorry I shot my husband but I carried out his instructions. I did as he told me, and he is glad that I did."

This is Mrs. J. T. Burns' advice to women. Mrs Burns shot her husband in the arm at their home on McPherson Boulevard last night, mistaking him for a burglar. He is in the hospital and unless blood poisoning sets in will be out in three or four days.

ON TWELVE PER CENT. BASIS

People's Savings Bank in Prosperous Condition—Dividend to Stockholders Increased—Its Resources and Deposits.

Stockholders of the People's Savings Bank are receiving through the mails most agreeable evidences of the popularity and progress of the institution in which they are interested in the form of dividend checks of three per cent. for the past quarter, which means that the stock of this bank is now on a 12 per cent basis.

This is in pursuance of action taken on June 15th by the Directors of the People's, which has had a most phenomenal record for its dividends having paid with the past ten years of its business in round figures $80,000. In 1908 the capital of the bank was increased from $30,000 to $65,000 at which time a dividend of 102 per cent. was declared. Since that time the bank has been paying 10 per cent. up to the time of the present increase to a 12 per cent. basis.

As will be seen by statement of the bank elsewhere in today's paper, it now has total resources of $1,300,000 and its surplus now has reached an amount equal to the capital of the bank. The People's is indeed an institution of worth to the community in which it is located and the increase of the dividend to stockholders, the number of whom are large is very gratifying to all. The directors of the bank and the officers are among Wilmington's most substantial and well known business men and capitalists and with a conservative yet liberal policy, the growth and progress of the bank has been second to none in the State. The statement of the bank elsewhere in today's paper challenges the admiration of everyone and indicates that the People's was never more popular or more firmly established in the confidence and esteem of the savings public.

INEXPRESSIBLY SAD DEATH.

Mrs. Jennie Evans Orrell Passed Away at Hospital Last Night.

Many friends in this city and throughout this section will be shocked and saddened to learn of the death of Mrs. Jennie Evans Orrell, the beloved young wife of Mr. Norwood Orrell, which occurred at the James Walker Memorial Hospital at 9:15 o'clock last night, following a brief illness. Mrs. Orrell became ill last week and Friday was removed to the hospital where everything known to medical science and the tender care of loving hands was done to restore her to health and strength again, but to no avail, the dissolution coming at the hour mentioned. Mr. Orrell, who is himself ill of fever at his home, No. 315 Dock street, and the bereaved parents, Mr. and Mrs. J. C. Crane, of Marion, S. C., who were with their daughter when the end came, will have the heartfelt sympathy of hundreds of friends in their sore bereavement. Mrs. Orrell was in the 20th year of her age, in the bloom of young womanhood, and was a bride of only a little more than a year. She was a young woman of most lovable traits of character and endeared herself to all with whom she came in contact She was a member of the First Presbyterian Church of this city and lived a beautiful Christian life. The body was removed to the home, No. 315 Dock street, last night. The funeral will take place Wednesday at an hour to be named later, pending the arrival of relatives from Atlanta, Ga.

HEAT MAKES CHILDREN ILL

Summer is a very trying period for young children, and many a child who is usually healthy suffers during the heated term. There are many dangers for the child in summer. These lie in milk, food, water, fruit, etc. The greatest peril is from some form of stomach or bowel trouble. It is usually the starting point of graver troubles. The child becomes constipated, or gets indigestion. Perspiration is interfered with, worms develop, the skin becomes scaly and itchy, and the poor child is in much misery. Do not let it go, and trust to luck or fate for a cure. Use a remedy like Dr. Caldwell's Syrup Pepsin, which is intended to cure that very condition and is especially adapted to children's ills because of its mildness and purity. If the child has any of these symptoms, or has not had a passage in 24 hours, it needs Dr. Caldwell's Syrup Pepsin at once. It will act promptly but gently, and as it is pleasant to take you will not have to force it. A bottle can be obtained of any druggist at 50 cents or $1.00, and you should obtain a bottle today, so as to have it on hand for an emergency. If you have never tried it you can obtain a SAMPLE BOTTLE FREE OF CHARGE by addressing

ROBBERY ON U. S. S. FRANKLIN.

Amount Stolen More Than $6,000—No Clue.

Washington, July 11.—Official reports on the robbery of the safe of the United States ship Franklin, the receiving ship stationed at Norfolk, as received at the Navy Department from Pay Director John R. Martin, general inspector of the pay accounts. Director Martin reported that the accounts and returns of Assistant Paymaster James C. Milton, who is attached to the Franklin, were in good condition and were kept according to naval regulations. There was abstracted from the safe, it appears from the report, $6,033.61 of government money and $90.20 of private funds left there for safe-keeping. The board of inquiry appointed to consider the case has not submitted its report.

ENCAMPMENT BOYS' BRIGADE

Arrangements for Annual Outing at Southport Completed at Meeting Last Night—Orders Will be Issued Today.

Arrangements for the annual encampment of the Boys Brigade to be held at Southport from July 15th to the 23rd, inclusive, were completed at a meeting of the organization last night, Colonel Walker Taylor, the founder and commander, presiding and C. C. Louglin, Esq., the secretary, at his post of duty. It is expected that some 50 or 60 members of organization will participate in the outing and employers are urged to give young men a leave of absence for this period. They will return to their respective duties refreshed in mind and body and will be much better prepared to perform their work than they would be if not permitted to go in "camp."

An advance guard will go to Southport Thursday morning to get everything in readiness for the encampment. Practically all of the camp equipment of the organization is stored at Southport and it will be the duty of the advance guard to remove the same to the camp ground, pitch the tents and attend to other preliminary matters. The advance guard will be composed of Mr. Chars. Dushan, physical director and general secretary; Lieutenant Price, Messrs. Harry Walker, H. Jewell, O. C. Hill, B. F. King, Jr., and T. K. Curtis.

The two divisions of the Brigade, companies A. and B. will go to Southport Friday morning on the steamer Wilmington, leaving at 9 o'clock, and as soon as they reach their destination the routine of camp life will begin. The members of the company will be accompanied by Colonel Walker Taylor, founder and commander of the organization. The officers of the senior company are: Captain Francis Garrison and Lieutenants J. Fred Russ and John C. McAllister, and the officers of the junior company are: Captain Charles C. Loughlin and Lieutenants S. Branch and E. Durant. The Brigade will break camp Saturday afternoon, July 23rd, and return to the city. During their stay at Southport the Brigade will entertain a large number of visitors as usual. There will be drills every day and special maneuvers at stated times. Colonel Taylor will issue the official orders for the encampment this afternoon and they will cover in detail the daily assignments and features of the encampment.

TERRIBLE CRIME.

Locks Family in Rooms, Sets Fire to Home, Commits Suicide.

Sandusky, Ohio, July 11.—After locking his wife and three daughters into their rooms and setting fire to his home Andrew Federkiel, sixty-nine years old, a stone mason, threw himself in front of a Lake Shore train here and was cut in two. The women were rescued by neighbors, but Mrs. Federkiel was so badly burned that she may die.

Federkiel waited until his wife and daughters had retired. He then locked the doors leading to their rooms, fastened them further with copper wire and having soaked the furniture in gasoline set fire to the house.

He has been regarded as eccentric since two years ago, when he was shot and seriously wounded by his son during a quarrel

CRACK CUBAN PLAYER SOLD.

Viola Goes to Chattanooga from Augusta.

Augusta, Ga., July 11.—The Augusta South Atlantic Club this afternoon sold Leftfielder Juan Viola, the crack Cuban, to Chattanooga, to be delivered at the end of the season for a fat consideration. He is leading the league in batting, and is accredited the longest and most accurate thrower in the South Atlantic organization.

19 KILLED AND 31 INJURED.

Train Derailed on the TransCaspian Railway at Kissilarwat.

Askabid, Asiatic Russia, July 11.—Nineteen persons were killed and thirty-one others injured today by the derailing of a train near the station of Kissilarwat, on the Trans-Caspian railway.

EIGHTEEN NEW MEMBERS.

Membership of the Y. M. C. A. Growing Rapidly—Other Notes.

The membership committee of the Y. M. C. A., of which Mr. W. W. Koch is chairman, held its regular monthly meeting last night and passed upon 18 applicants for membership in the association. These will be recommended for membership at the regular monthly meeting of the board of directors at 8 o'clock tonight. This is the largest class of young men applying for membership recently and it shows that the splendid work of the institution is getting a firmer hold on the people of the city.

The regular meeting of the Jacoby class will be held from 1:05 to 1:30 P. M. today in the rooms of the association. The meeting will be in charge of Rev. Wm. E. Cox, rector of St. John's Episcopal church. It is hoped that all the members of the class will be present.

Norfleet; reading, "A Christmas Play Extract' from "Lovely Mary,' Miss Reba Plowden; address by Rev. J. S. Crowley, the pastor. Following the rendition of the programme refreshments will be served.

OFFICERS WRECK THEATRE

Strange Proceeding is Culmination of Long Litigation.

Chicago, July 11.—Seventy-five municipal court custodians forcibly seized the La Salle Street Theatre yesterday and partially wrecked the interior so that performances would be impossible.

Stage and stairways were torn up, every drop scene and fly was removed and the front entrance was barricaded.

The seizure was the culmination of long litigation regarding posession of the playhouse by Mort H. Singer and the La Salle Opera House Company, composed of Charles W. Murphy, the baseball man, Harry Askin and several minor assistants.

Singer claimed right to remain in possession by virtue of an alleged five-year verbal option for the extension of his lease.

The theatre building is owned by Mrs. Anna Sinton Taft, wife of President Taft's brother, Charles P. Taft.

Washington, July 11—Delegates representing ten thousand men who shift scenery and have charge of the electrical effects on the stage met here today to attend the eighteenth annual convention of the international alliance of theatrical stage employes. Their sessions will continue throughout the week.

Freckle-Face

July Brings Out Unsightly Spots—How to Remove Easily.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of othine, double strength, from J. Hicks Bunting Drug Co., and one night's treatment will show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds in July brings out freckles, and as a result more othine is used this month and the druggists sometimes find it difficult to get sufficient to supply all calls. Be sure to ask for the double strength othine, as this is sold, under guarantee of money back if it fails to remove the freckles.

Think of Last Summer--

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

WICK BLUE FLAME
Oil Cook-stove

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or teapots, towel rack; in fact every convenience possible.

The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.

Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

COTTON MARKET EASED OFF

Promised Rain in Texas and Less in Eastern Belt Make for More Hopeful Crop Prospects.

New York, July 11.—The cotton market was comparatively quiet today and after an early advance eased off under realizing and some local selling which was probably encouraged by talk of more favorable weather in the Eastern belt and rather more encouraging crop reports from Texas. The close was steady in tone with prices net unchanged to 8 points lower. The market opened steady at a decline of one point to an advance of two points and during the first few minutes sold up to a net advance of about 3 to 9 points on covering and buying by people who had taken profits on long cotton late last week. It seemed, however, that the leading bulls were selling a little July around 15 1-2c. The Liverpool market made an indifferent showing, there was less rain in the Eastern belt over Sunday and it looked as if there was a little Southern selling of the new crops months above 12.85 for October. At any rate, the advance was soon checked and later in the day the market turned easier under realizing by early buyers with the active months closing only 3 to 4 points up from the lowest on covering in the last few minutes. July sold off from 15.50 t 15.40 but was later relatively firm, closing at 15.47, or net un changed. A steamer arriving here from Liverpool yesterday brought 200 bales of cotton presumably for delivery on contract. Southern spot markets officially reported early were unchanged to 1-16c higher. The weather forecast was for partly cloudy in Texas where good soaking rains would be considered beneficial and for local showers in parts of the Eastern belt where excessive rains have been complained of. There was a good deal of quiet buying on a scale down today, which was attributed to mill interests.

Receipts of cotton at the ports today 6,518 bales aganst 2,217 last week and 2,419 las year. For the week 20,000 bales against 21,749 last week and 31,495 last year.

Today's receipts at New Orleans 1,831 bales against 650 last year.

Spot cotton closed quiet; middling uplands 15.45; middling gulf 15.70; sales 14,336 bales.

Futures opened and closed steady.

THE GRAIN MARKET.

Chicago, July 11.—Winter wheat began moving to market today on a large scale. Simultaneously, rain was drenching the spring crop which is yet to be harvested and which has long been at the mercy of drought. Prices here responded with a net decline of 1 3-8 to 2 1-4c. Other staples, too, all showed losses—corn 3-4 to 1 7-8 to 2c, oats 5-8 to 7-8, and hog products 5 to 25.

BETTER OUTLOOK FOR STOCKS

Easier Money Market and Improved Crop Outlook Buvy Up General List—New York is Importing Gold.

New York, July 11.—There were reports that the drouth in the Spring wheat region had been relieved by rains. There was an engagement of $2,000,000 of gold in London for shipment to New York. That and the weekly New York bank statement published after the Stock Market closed on Saturday indicated abundance of money supplies in the local markets. These were sustaining influences on the price of stocks today and they advanced in response over the closing level of last week. The speculative tone developed some uncertainty at the higher level of the market. This was partly due to the sales for the purpose of realizing profits from the buyers at last week's low levels. The break in the London copper market was a more positive weakening factor.

The stock speculation has gone a good way towards discounting a crop disaster in the Spring wheat States. Opinion was divided over the availability of the rains to effect great relief for much Spring wheat at this belated period. The better crop news was given credit for some of the new demand for stocks which were reported to be in evidence in commission house circles. The slump in the London price of copper was taken seriously to heart by the speculative element in stocks as threatening a reopening of an admittedly weak point in the industrial situation. The price touched was in itself a striking demonstration of depression reaching the lowest quotation for standard copper touched for several years past. The news of the week's reduction in prices of crude steel to conform to the lowered price of iron gave the copper news additional influence as an industrial symptom. The weight of this burden on the general market proved a drag and centralized the strength of the earlier put of the day. Some of the international banking houses were candid in expressing criticism of the movement in money and they were frank in impunging its motive as designed to stimulate the stock market.

The response of the two money markets affected was proof, however, of the forces at work to favor the movement. The private discount rate declined in London, in spite of the taking og gold, while time money rates for periods running over the end of the year held strong in New York at the 5 per cent. level and above, which offers strong attraction for borrowing in London for employment in New York. Foreign exchange here was weak, owing to the gold engagement, and fell back to last week's low level.

Bonds were firm. Total sales par value $1,529,000. United States bonds were unchanged on call. Total sales for the day were 504,400 shares.

HUBBARD BROS. & CO.

Advices From Abroad Rather Tame. Abatement of Calamity Talk.

(Special Star Telegram.)

New York, July 11.—Advices from abroad were rather tame and the market shows lack of animation. Early in the day some attempt was made to advance the new crop on the bullish report of the New Orleans Times-Democrat, which was unfavorable, excepting for Texas and Oklahoma, but the trading was largely professional with small outside business, mainly switching between this market and Liverpool. The public, while holding aloof, is growing more interested in new crop months, as there are some poor crop reports from Georgia.

There is, however, an abatement of calamity talk and the bull leaders are inactive. Their strong position is recognized on account of the certainty of a late movement of the new crop.

HELEN GOULD MARRIED.

Quiet Ceremony Yesterday in Her Apartments in New York.

New York, July 11.—Mrs. Helen Gould and Ralph Hill Thomas, nephew of Washington Thomas, president of the American Sugar Refining Company, were quietly married today in Mrs. Gould's apartments on Park avenue, by the Rev. Dr. Webster, of the Brick Presbyterian Church. Joseph Thomas, brother of the bridegroom, acted as best man, and the bride was given away by her mother, Mrs. Edwin Kelly. The wedding party was confined to the immediate friends of the couple. According to the present plans Mr and Mrs. Thomas will sail for Europe tomorrow. The presence of the Frank J. Gould children, Helen, Margaret and Dorothy, at the wedding, and the fact that nine detectives who admitted they were in the pay of Frank Gould, watched the house, gave rise to a report that the father of the children had issued instructions not to let the children accompany the newly wedded couple abroad.

There was a great scurrying of the detectives shortly after the wedding when the two children Helen Margaret and Dorothy left the house. They were taken to the Summer home of Miss Helen Miller Gould at Irvington-On-The-Hudson, to whose custody 'tis said they have been entrusted by agreement of the parents.

Under the divorce decree granted the former Mrs. Gould, she was given custody of the children for the greater part of the time on condition that she should not re-marry. Neither parent, however, was to take them more than 100 miles from New York without the other's consent. In the event of the mother's marrying again Frank Gould was to have his children the major part of the time. He too, recently married, however, and is now in Europe, and a new agreement will have to be drawn up.

ICE CREAM CONES SEIZED.

Taken in Charge by United States Inspector in New York.

New York, July 11—More than 45,000 ice cream cones were seized today by United States Marshal Henkel as a part of the campaign being waged by the government under the Pure Food Act. It is alleged that the cones contain boric acid and are injurious to health. The seizure is the second within a few days and was made on the pier of the Southern Pacific Railroad. The cones were being shipped to Galveston, Texas, by the Consolidated Wafer Company of this city.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, Price, 75c. per bottle.

LUMEBRTON NEWS NOTES.

County Commissioners—Blind Tigers—Personal and General Items.

(Special Star Correspondence.)

Lumberton, N. C., July 11.—The Board of County Commissioners met today for the purpose of receiving the tax lists for 1910 and settling with the list takers. After this work was done they visited, in a body, the jail and county home, both of which places were inspected

For the past day or two blind tigers have had considerable trouble as the result of some customers getting overloaded. Saturday afternoon Jane Jenkins, a colored woman, living in the suburbs south of the Seaboard, was arrested on the charge of retailing. Later Dave Buie, a colored helper around the jail was "pulled" on the same charge. Dave was sentenced to serve a jail sentence some time ago for misappropriating a bale of cotton As he is a cripple he could not do duty on the roads. After completing his sentence the jailor employed him as a helper which position he has filled up to Saturday when he was locked up again, this time for retailing. In the Mayor's court this morning Dave was returned to jail for next criminal court. The Jenkins woman was tried this afternoon and she too was sent to jail. There seems to be a determined effort on the part of the officials to break up the blind tiger business in Lumberton.

Messrs. Earl Thompson, David Fuller and Lawrence Parker left this afternoon for Pembroke, where they boarded the Atlantic Coast Line train for Jacksonville, Fla., taking advantage of the cheap rates offered by that company to visit Florida points.

A horse belonging to Mr. J. A. Thompson, of Back Swamp, was bitten on the lip Saturday night by a rattle-snake pilot, and as a result the animal's head was swollen out of all proportion yesterday and his sufferings were intense. The snake was in the stable when the horse was put up for the night. Fortunately the reptile was killed. We understand this evening the horse is better.

Miss Irene McLeod, who in company with her mother, went to Waynesville tomorrow evening for the transaction sick as the result of the bite of a yellow fly received before she left home. Th bite was on top of the foot which is now much inflamed, and is causing Miss McLeod to suffer with high fevers. Her many friends hope for her early recovery.

A meeting of the Industrial and Commercial Club will be held at 8:15 tomorrow ev ning for the transaction of important business. It is hoped every member will be present.

MANEUVERS AT CHATTANOOGA.

Georgia, Florida and South Carolina Militia There.

Chattanooga, Tenn., July 11.—Today the second period of the Chickamauga Park maneuvers has begun. Troops consisting of three regiments of Georgia infantry arrived about noon. The whole is under the command of Brigadier General Clifford L. Anderson. Troops from North and South Carolina will arrive tomorrow. The Carolinians will get only nine days maneuvers duty on account of State laws that prevent the operating of troop trains on Sunday in their home States.

Tomorrow routine work will be done. No problem will be worked out until the latter part of the week. Meanwhile the militia will be instructed by the supervision of regulars. The Fifth Georgia Infantry, that was scheduled to occupy the site vacated by the Florida Infantry, was transferred to a different site upon the urgent request of the General. The Florida site was considered the worst in the camp. The Floridians had 25 sick men from camping on its former site.

TROOPS AT CHICKAMAUGA.

Ten Days Instruction of Citizen Soldiery Begins There.

Chattanooga, Tenn., July 11.—For ten days instruction at Chickamauga Park the Georgia troops, consisting of two squadrons of cavalry, the first, second and fifth infantries, and two batteries of field artillery, also the first North Carolina infantry, arrived at Lytle today. The third South Carolina infantry is due at 6 o'clock Tuesday morning.

The first militia army consisting of the third Tennessee infantry, troop B, Tennessee Cavalry, the Florida infantry and the Mississippi infantry and cavalry left Lytle Sunday. The Georgia troops will be under the command of Brigadier General Clifford Anderson, and the South Carolina men under Col Julius Cogswell, of Charleston, S. C.

LOEB TO RUN IN NEW YORK

(Continued From Page One.)

their party would be offset by divisions in the Democratic ranks.

It was when they had reached this stage of the conversation that the President asked Mr. Loeb if it wouldn't be the wisest thing for him to take up the fight as the Republican candidate for Governor. Mr. Taft believes that Mr. Loeb probably would attract support from more elements of the party than any other man.

Aside from the New York situation, the tariff came in for a share of consideration at today's conference. Both the President and Mr. Loeb believe that the tariff commission and the big appropriation for this work have wonderfully strengthened the hands of the Republicans and offer a common ground on which the factions of the party can meet.

There is a strong impression in Beverly that Mr. Loeb will see Governor Hughes tomorrow before the latter goes to Oyster Bay. It will be for the Governor, the Colonel and the other New York leaders to say whether Mr. Loeb is to have the nomination thrust upon him.

The Colonel and Loeb.

New York, July 11.—Theodore Roosevelt and William Loeb, Jr, have no appointment for a conference on the gubernatorial situation, nor have Mr. Loeb and Gov. Hughes an appointment for such a conference. Colonel Roosevelt at Sagamore Hill tonight declined to comment on the probability of Mr Loeb being a candidate for the Republican nomination for Governor.

"I have nothing to say," said he with firmness. "And I have no appointment to see Mr. Loeb in the near future. We had luncheon together last Wednesday."

Mr. Loeb is authority for the statement that he has no appointment to see Gov. Hughes, although the Governor will be in town tomorrow en route to Oyster Bay. Mr. Loeb was seen tonight after his arrival from Beverly. He did not deny that the possibility of his appearance as a candidate for Governor of New York State was on the cards, but he dismissed it with a smile.

Pr sident Taft's Plans.

Beverly, Mass., July 11.—President Taft today announced again that he would not give serious consideration to filling vacancies in the United States Supreme Court until the Fall. As to calling an extra session of the Senate in October to confirm appointees to the Supreme Court and thus to facilitate the re-hearing of important Standard Oil and Tobacco and corporation taxes cases, the President has not definitely made up his mind.

Mr. Taft will not officially announce the new Chief Justice of the tribunal until he is ready to send in his nomination to the Senate. In case Governor Hughes is elevated to the chief justiceship as now seems likely, it will be necessarily a new nomination.

The President has offered to President Arthur T. Hadley, of Yale, the chairmanship of the commission authorized by Congress to investigate the subject of railroad stocks and bonds and to recommend a plan for bringing the issue of these securities under the supervision of the Interstate Commerce Commission If President Hadley accepts the President will consult with him regarding the other members of the commission. Mr. Hadley is considering to what extent service on the commission would interfere with his work at Yale and will endeavor to determine this factor before announcing a decision.

Attorney General Wickersham and Secretary Nagel of the Department of Commerce and Labor, will see the President tomorrow afternoon. Mr. Nagel is going to Alaska and the President is anxious that Mr. Wickersham shall go with him. The latter has been loath to take the time away from his office, but probably will do as the President wishes.

Mr. Taft wants Mr. Wickersham to take a much needed rest and he also would like to get some first hand information for Alaska from two of his cabinet advisers.

FIRE ON STEAMER.

Six Days and Nights Ablaze in the Hold.

San Francisco, July 11.—Blackened and charred, her decks warped by a six days' fire, which raged beneath them, the British tramp steamer St. Nicholas of Liverpool sailed through the Golden Gate last evening from Antwerp, from which port she sailed May 3rd with a general cargo of 5,000 tons for San Francisco, Portland and Puget Sound ports.

When 1,300 miles off the South American coast her commander, Capt. George Aitken, June 23rd, discovered smoke pouring from the ventilators, and when a hatch was opened it was discovered that the cargo in the shelter deck was a seething mass of fire.

Chief Officer Dickson, Second Officer Marriott and Third Officer Chavner volunteered to go below with the hose passed along by the crew.

With their mouths and nostrils covered by cloth, the volunteers were alternately lowered. All that day and the following night the fight to save the ship continued Early on the morning of June 24th the fire in the shelter deck was seemingly stamped out. At 9 o'clock in the morning fire was reported in lower hold No. 2. Two hundreds tons of merchandise were thrown overboard before the fire could be reached. Then the steam pipes were run below and after five days of fighting the flames were finally subdued The total damage is estimated at half a million dollars, mostly covered by insurance.

MUSIC DISPELS MONOTONY.

Michigan Dairy Cows in Danger of Ennui, Saved by Phonograph.

Detroit, Mich., July 11.—According to dispatches from Marquette, music has been put to a material use on the dairy farm of J. M. Yongyear, at Ive Lake. The cows on his farm, it is said, during their confinement these long Summer days, in tightly screened barns, are relieved of the irksome monotony of cud chewing and milk producing by the interspersion of a variety of selections played on a phonograph.

The soothing effects of music, it is claimed, judiciously administered during milking time, have been found to be especially successful with cows under official tests. Several butter records claimed by the farm are credited to the music box.

FINISHES 800-MILE TRIP.

The Little Salmon Proves Her Worth on Long Voyage.

Hamilton, Bermuda, July 10.—The United States submarine boat Salmon which sailed from Quincy, Mass., at 2 o'clock on the afternoon of July 5, made St. David's Light at 1 o'clock this morning. She lay to until 5 A. M., and then took a pilot aboard, arriving at Hamilton three hours later.

The Salmon encountered a rough sea on Thursday and Friday, but suffered no damage. She fully demonstrated the practicability of the submarine for long ocean voyages.

The distance between Quincy and Hamilton is 800 miles and the Salmon made an average speed of between six and ten knots an hour. The seaworthiness of the little craft was proved to the entire satisfaction of the representatives of the navy and the builders.

The Salmon will proceed from Bermuda to Hampton Roads, but the date of her sailing has not yet been fixed. She carries a crew of 21 officers and men.

EMBEZZLED TO SPECULATE.

Louisville Bank Official Cought After Bold Plunge

Louisville, Ky., July 11.—Speculation in stocks is alleged to have been the cause of the arrest today of August Ropke, book-keeper and assistant secretary of the Fidelity Trust Company, on the charge of embezzlement. Although it is charged in the warrant that Ropke is short $6,000 President Barr of the Fidelity Company said that the experts were still at work on Ropke's books and that the full amount of the shortage would be made known later. Ropke, in default of $25,000 bail, was sent to jail.

Ropke was regarded as the boldest speculator Louisville has known in many years. It was currently reported among brokers that he won $200,000 last year, but that he lost heavily this year during the recent slump in securities.

Ropke has been in the employ of the Fidelity Trust Company for 18 years.

YARDMASTER HUNT KILLED.

His Body is Caught by Cars and Mangled.

Cordele, Ga., July 10.—Capt C. W. Hunt, yadrmaster of the Seaboard Air Line Railway at this point, was run over and instantly killed this evening while shifting cars in the yard near the Cordele Ice Plant.

It was necessary to make a running switch and Capt. Hunt was caught by the cars and his body was mangled beyond recognition. He had been in the employ of the Seaboard two years, having charge of the yards of the company at this point.

Capt. Hunt was formerly from Savannah and was 45 years of age. He is survived by a wife and six children.

DAMAGED VESSEL SIGHTED.

Declined Help—In Collision With White Star Liner.

London, July 11.—The German tank steamer Standard, which collided with the White Star Liner Baltic on June 30, was sighted Friday last, by the Diamant, in latitude 55, longitude 24, about 500 miles due west of the north coast of Ireland. The Diamant offered assistance, but the Standard declined the offer.

The collision occurred in a fog more than 1,000 miles east of the Ambrose Channel lightship. The Baltic had a large hole stove in her bow, but made temporary repairs and reached New York safely on July 4.

COMPLAINT AGAINST RATES.

Commission Merchants Charge That Coast Line Charges Unfair Rates.

Washington, July 11.—Complaint was filed today with the Interstate Commerce Commission by the National League of Commission Merchants against freight rate charges by the Atlantic Coast Line Railroad and its affiliated lines on car and less than car lot shipments from Charleston, S. C., and surrounding points to Buffalo, N. Y., and Pittsburg, Pa. The Commission Merchants charge that the present rates are unreasonable and discriminatory.

MIDDLETOWN WRECK.

Cause of Fourth of July Crash in Ohio Explained.

Hamilton, Ohio, July 11.—That conflicting orders giving two trains the right of way over the same track at the same time caused the wreck of July 4th at Middletown, was admitted by the coroner's inquest today by Albert J. Smith, train dispatcher for the Cincinnati, Hamilton and Dayton Railway at Dayton.

After trainmen and operators had told Coroner Burnett of the orders they had received that day and the coroner had declared his belief that Smith was to blame for the 21 deaths, the latter took the stand.

"We were rushed with trains that day," Smith said. "I sent the Big Four passenger train on from Dayton to Cincinnati. Then after they started I figured I could save time in getting the freight to Dayton so I tried to send an order to Carlisle to have the Big Four stop at Poast Town and let the freight pass.

"When I reached Carlisle by wire I learned that the passenger train had passed there going like wild fire. Then, to prevent trouble I sent word to Middletown to 'bust' the order allowing the freight to proceed to Dayton.

"If the freight had been on the siding at Middletown when they received this order the wreck would not have occurred.

Dayton, Ohio, July 11.—Albert J. Smith, train dispatcher of the Cincinnati, Hamilton and Dayton tonight emphatically denied that he had sent conflicting train orders which were responsible for the Fourth of July wreck of the Big Four flyer.

Smith declares that if the orders he sent to Middletown to "bust" the previous order had been carried out the freight train would have been on the clear side track there and the disaster would not have occurred. Smith's examination before the coroner this afternoon lasted two hours and a half but he declares that the conclusion that he is in anyway admitted responsibility for the wreck is entirely erroneous.

INTERNATIONAL CONGRESS

Railroad Men at Berne, Switzerland. New Law in United States.

Berne, Switzerland, July 11.—Franklin K. Lane, member of the American Inter-State Commerce Commission, in a notable speech at a dinner tonight of the English speaking delegates to the International Railroad Congress declared that Europe misconceives the nature of the new American railroad law, which he said is less drastic than the English law.

"Congress," continued Mr. Lane, "has not fixed a uniform classification of freight maximum nor class rates on a mileage basis, nor uniform terminal changes, yet the English parliament fixed these 20 years ago. American legislation is based on English precedents but is not nearly so radical. The American roads have realized that instead of injuring the roads the regulations have helped them. All candid railroad men acknowledge that the new law will tend to the stability of securities."

All the American, Canadian, English, Indian, South African and Australian delegates were present at the dinner which was presided over by Commissioner Lane and Evelyn Cecil, head of the British delegation. Toasts were drunk to President Taft, King George and President Comtesse.

SWALLOWED BY MUD

Fisherman's Friends, Helpless, Hear His Cries as He Sinks.

New York, July 10.—Astray in the marshes of Jamaica Bay, William Elbrecht of Maspeth, L. I., set foot in quicksand tonight and was swallowed alive before his friends could recover him.

Elbrecht and three friends had been fishing and the party became separated in struggling for shore tarough the long marsh grass. Although Elbrecht's cries for help were plainly heard, he was lost in the gathering dusk and sank unaided to his death in the mud.

COMMERCIAL CONGRESS.

Atlanta, Ga., July 11.—Secretary Cooper of the Atlanta chamber of commerce received notice today from Charles Hall Davis chairman of the executive committee of the Southern Commercial Congress advising that the next annual meeting of the congress will be held in Atlanta this Fall. The date will be announced later.

Trinidad, Col., July 11.—Dr. R. T. Wiley, a wealthy resident of Mineral Wells, Tex., walked off a Pullman car while asleep last night near Rameyville, on the Colorado and Southern Railroad, and was killed. His body was found today by a searching party. Dr. Wiley with his wife, was enroute to Colorado Springs.

Philadelphia, July 11—F. H. Lincoln, until recently assistant general manager of the Philadelphia Rapid Transit Company, was instantly killed while attempting to board a Washington train at the West Philadelphia station of the Pennsylvania railroad today.

Manila, July 11.—In fear of the effect which they might have upon the Filipinos, the municipal board of Manila has resolved to prohibit the exhibition of the Johnson-Jeffries fight pictures.
